PROSPECTUS FOR PRIVATE OFFERING

PARTNERS GROUP GLOBAL VALUE SICAV

an investment company with variable capital
(*société d'investissement à capital variable - SICAV*)

If you are in any doubt about the contents of this Prospectus you should consult your stockbroker, bank manager, solicitor, accountant or other financial adviser.

August 2024

Important Information

This Prospectus comprises information relating to Partners Group Global Value SICAV (the "**Fund**"), which is registered under Part II of the Luxembourg Law of 17 December 2010 relating to undertakings for collective investment (the "**Law of 2010**"). The Fund qualifies as an alternative investment fund ("**AIF**") within the meaning of Article 1 (39) of the Law of 12 July 2013 on alternative investment fund managers (the "**2013 Law**") implementing Directive 2011/61/EU of the European Parliament and of the Council of 8 June 2011 on Alternative Investment Fund Managers and amending Directives 2003/41/EC and 2009/65/EC and Regulations (EC) No 1060/2009 and (EU) No 1095/2010 (the "**AIFMD**"). Such registration does not, however, imply approval by any Luxembourg authority of the contents of this Prospectus or of the portfolio of securities held by the Fund. Any representation to the contrary is unauthorised and unlawful.

The Fund has appointed Partners Group (Luxembourg) S.A. as its alternative investment fund manager (the "**AIFM**") in accordance with Article 88-2 of the Law of 2010.

The most recent annual report and any subsequent half-yearly report of the Fund are available at the registered office of the Fund and will be sent to investors upon request. Such reports shall be deemed to form part of the Prospectus.

Statements made in this Prospectus are, except where otherwise stated, based on the law and practice currently in force in Luxembourg and are subject to changes therein.

No person has been authorised to give any information or to make any representations in connection with the offering of Shares other than those contained in this Prospectus and the reports referred to above, and, if given or made, such information or representations must not be relied on as having been authorised by the Fund. The delivery of this Prospectus (whether or not accompanied by any reports) or the issue of Shares shall not, under any circumstances, create any implication that the affairs of the Fund have not changed since the date hereof.

The distribution of this Prospectus and the offering of Shares in certain other jurisdictions may be restricted. Persons into whose possession this Prospectus comes are required by the Fund to inform themselves about and to observe any such restrictions. This Prospectus does not constitute an offer or solicitation to anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

As of 1 January 2018, a key information document ("**KID**") in compliance with the relevant provisions of Regulation (EU) 1286/2014, as amended, and Commission Delegated Regulation (EU) 2017/653 will be published for each share class available to future retail investors within the meaning of Directive 2014/65/EU ("**Retail Investor**"). KIDs are handed over to future Retail Investors in good time prior to their subscription in the Fund and are (i) provided to the Retail Investor using a durable medium other than paper or (ii) available under www.partnersgroup.com and can be obtained in paper form free of charge upon request from the Fund and/or the AIFM.

This Prospectus contains the information required to be disclosed under Articles 6 and 8 of Regulation (EU) 2019/2088 of the European Parliament of the Council of 27 November 2019 on sustainability-related disclosure requirements in the financial services sector, as amended (the "**Disclosure Regulation**").

There are varying views in the market about the interpretation and implementation of Article 8 and Article 9 of the Disclosure Regulation. The Regulatory Technical Standards ("**RTS**") (which will set out further rules and guidance under the Disclosure Regulation) are due to apply from 1 January 2023. The RTS will not contain classification criteria for Article 8/9 products in their operative provisions but they do contain certain guidance on the scope of these products in their recitals.

Selling restriction in United States of America

None of the Shares have been, and are not expected to be, registered under the United States ("**US**") Securities Act of 1933, as amended (the "**Securities Act**") or the securities law of any state or other jurisdiction. Within the US, the Shares will be offered and sold under the exemption provided by Section 4(a)(2) of the Securities Act and/or Regulation D promulgated thereunder and other exemptions of similar import in the laws of the states and jurisdictions where the offering will be made. Outside the US, the Shares will be offered and sold under the exemption provided by Regulations S under the Securities Act. No US federal or state securities commission or regulatory authority has recommended Shares in the Fund, nor has any such authority confirmed the accuracy or determined the adequacy of this Prospectus. Any representation to the contrary is a criminal offense.

The Fund will not be registered as an investment company under the US Investment Company Act of 1940, as amended (the "**Investment Company Act**"). The Fund currently expects to rely on the exemption contained in Section 3(c)(7) of the Investment Company Act, which exempts from registration issuers whose securities are owned exclusively by "**Qualified Purchasers**", as defined by the Investment Company Act; however, the Fund may subsequently elect to rely on the exemption contained in Section 3(c)(1) of the Investment Company Act, or another exemption under the Investment Company Act if it determines that all conditions of such exemption have been met. The Fund will obtain appropriate representations and undertakings from US Persons as required, including with respect to "**Qualified Purchaser**" status, in order to ensure that such US Persons meet the conditions of the applicable exemption.

The AIFM is not registered as an investment adviser under the US Investment Advisers Act of 1940, as amended.

The Shares are subject to restrictions on transferability and resale and may not be transferred or resold except as permitted under the Securities Act and applicable state securities laws, pursuant to registration or exemption therefrom. Investors should be aware that they may be required to bear the financial risks of an investment in the Shares for an indefinite period of time.

Assuming US Persons acquire Shares of the Fund and the Fund trades in swaps, commodity futures and/or commodity options contracts, the AIFM intends to qualify for exemptions from registration requirements under the US Commodity Exchange Act of 1936, as amended (the "CEA") and the regulation promulgated thereunder (the "CFTC Regulations") applicable to a commodity pool operator ("CPO") and a commodity trading advisor ("CTA") and file notices of exemption from registration with the National Futures Association in accordance with CFTC Regulations 4.13(A)(3) and 4.14(A)(8), respectively (the "Registration Exemptions"). To qualify for the Registration Exemptions, the AIFM intends to offer Shares only to "qualified eligible persons", as defined under the CFTC Regulations, and maintain the amount of the Fund's total investments in swaps, commodities futures, commodity options contracts and other derivative contracts subject to the jurisdiction of the CEA under a certain threshold promulgated under CFTC Regulation 4.13(A)(3).

Therefore, unlike a registered CPO, the AIFM is not required to provide to Shareholders with a disclosure document or certified annual reports prepared in accordance with the relevant CFTC Regulations. However, Shareholders will be provided with annual audited financial statements. In addition, the AIFM will not be required to comply with the disclosure, reporting and recordkeeping requirements applicable to a registered CPO or CTA. This Prospectus has not been reviewed or approved by the US Commodity Futures Trading Commission.

No Shares will be issued to any person, whether or not a US Person, if immediately thereafter the interests of "Benefit Plan Investors" would equal or exceed 25% of the value of any Class of Shares (disregarding certain interests held by persons with discretion over (or who provide investment advice with respect to) the assets of the Fund and the affiliates of such persons), so that equity participation by Benefit Plan Investors will not be considered "significant" and, as a result, the underlying assets of the Fund will not be deemed "plan assets" for purposes of the US Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the assets of the Fund were regarded as "plan assets" of a Benefit Plan Investor that is subject to ERISA or the prohibited transaction rules of the US Internal Revenue Code of 1986, as amended (the "IRC"), the AIFM would be a "fiduciary" (as defined in ERISA) with respect to such plan and would be subject to the obligations and liabilities imposed on fiduciaries by ERISA and/or the IRC. Moreover, the Fund would be subject to various other requirements of ERISA and/or the IRC. The Fund may compulsorily redeem Shares of any Class to ensure that the interest of Benefit Plan Investors does not equal or exceed 25% of the value of that Class of Shares. Any investor that is a Benefit Plan Investor must notify the Fund prior to acquiring any Shares. "Benefit Plan Investor" means any investor that is, or is investing the assets of, (i) an "employee benefit plan" (as defined in Section 3(3) of ERISA) that is subject to Part 4 of subtitle B of Title I of ERISA, (ii) a "plan" to which Section 4975 of the Code applies (including an individual retirement account ("IRA")), (iii) an entity whose underlying assets include the assets of any such "employee benefit plan" or "plan" by reason of ERISA or the Plan Assets Regulation, as modified by Section 3(42) of ERISA, or otherwise (including certain insurance company general accounts), or (iv) a "benefit plan investor" as such term is otherwise defined in any regulations promulgated by the U.S. Department of Labor under Section 3(42) of ERISA.

"Plan Assets Regulation" means the regulations prescribed by the U.S. Secretary of Labor pursuant to Section 3(42) of ERISA or, pending the effective date of any such regulation, means the U.S. Department of Labor Regulations under ERISA which are set forth at 29 C.F.R. 2910.3-101 (except that for purposes of applying these regulations the definition of a "benefit plan investor" which is set forth in Section 3(42) of ERISA shall be used in lieu of the definition of a "benefit plan investor" which is set forth in Section 2510.3-101(f)(2) of such regulations).

Selling restrictions in Ontario, Canada

This document constitutes an offering of the Shares only in those jurisdictions and to those persons where and to whom they may be lawfully offered for sale, and therein only by persons permitted to sell the Shares. This document is not, and under no circumstances is to be construed as, an advertisement or a public offering of the Shares in Canada. No securities commission or similar authority in Canada has reviewed or in any way passed upon this document or the merits of the Shares, and any representation to the contrary is an offence.

This document is for the confidential use of only those persons to whom it is transmitted in connection with this offering. By their acceptance of this document, recipients agree that they will not transmit, reproduce or make available to anyone, other than their professional advisers, this document or any information contained herein.

The distribution of the Shares is being made primarily outside Canada and is being made in Canada only on a private placement basis to the residents of the province of Ontario, pursuant to section 73.3(2) (the "Accredited Investor Exemption") of the Securities Act (Ontario). Accordingly, the distribution is exempt from the requirements in Ontario that the Fund prepare and file a prospectus with the Ontario Securities Commission.

The offering of Shares in Ontario is being made solely by this document and any decision to purchase Shares should be based solely on the information contained in this document. No person has been authorized to give any information or to make any representations concerning the offering other than those contained in this document.

Selling restriction in Denmark

The Danish Financial Supervisory Authority has received proper notification of the AIFM's marketing of securities in the Fund to investors in Denmark who qualify as professional clients (as defined in the Directive 2014/65/EU on Markets in Financial Instruments).

Any marketing of the securities of the Fund to investors in Denmark who qualify as retail clients (as defined in the Directive 2014/65/EU on Markets in Financial Instruments) requires the prior authorisation by the Danish Financial Supervisory Authority, and consequently, the securities of the Fund will not be offered, marketed or sold to and may not be subscribed for or acquired by retail clients in Denmark until such proper authorisation has been granted by the Danish Financial Supervisory Authority.

This document does not constitute a prospectus under Danish securities law and consequently is not required to be nor has been filed with or approved by the Danish Financial Supervisory Authority as this document either (i) has not been

prepared in the context of a public offering of securities in Denmark or the admission of securities to trading on a regulated market within the meaning of the Regulation (EU) 2017/1129 (the Prospectus Regulation) or the Danish Capital Markets Act, or (ii) has been prepared in the context of a public offering of securities in Denmark or the admission of securities to trading on a regulated market in reliance on one or more of the exemptions from the requirement to prepare and publish a prospectus in the Prospectus Regulation or the Danish Capital Markets Act.

Any resale of securities in the Fund to investors in Denmark will constitute a separate offer of the units or shares under Danish securities law, including its prospectus regulation, and accordingly such resale must either (i) not constitute a public offering of securities in Denmark or the admission of securities to trading on a regulated market within the meaning of the Prospectus Regulation and the Danish Capital Markets Act, or (ii) only be completed in reliance on one or more of the exemptions from the requirement to prepare and publish a prospectus in the Prospectus Regulation or the Danish Capital Markets Act.

Selling restriction in Germany

The Fund is authorised and was registered by the Luxembourg regulatory and supervisory authority (Commission de Surveillance du Secteur Financier (CSSF)). With respect to the Fund a notification has been submitted to the German federal financial supervisory authority (Bundesanstalt für Finanzdienstleistungsaufsicht - BaFin) in accordance with article 32 AIFMD to market the Fund in Germany. In Germany, the Shares may only be subscribed by (i) professional investors (professionelle Anleger) within the meaning of § 1 (19) no 32 of the German Capital Investment Code (Kapitalanlagegesetzbuch – the "KAGB"), i.e. investors considered or treated as professional clients within the meaning of annex II of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU, and (ii) semi-professional investors (semi-professionelle Anleger) within the meaning of § 1 (19) no 33 KAGB, in accordance with the provisions of this Prospectus and the applicable laws and regulations, including but not limited to the KAGB.

Selling restriction in Hong Kong

WARNING: The contents of this Prospectus have not been reviewed by any regulatory authority in Hong Kong. You are advised to exercise caution in relation to the offer of Shares. If you are in any doubt about any of the contents of this Prospectus, you should obtain independent professional advice.

The Fund or the issue of this Prospectus have not been authorised by the Securities and Futures Commission in Hong Kong pursuant to the Securities and Futures Ordinance (CAP. 571 of the laws of Hong Kong) (the "SFO"). The Shares have not been and will not be offered or sold in Hong Kong by means of any prospectus, other than (a) to "professional investors" as defined in the SFO and any rules made under that ordinance; or (b) in other circumstances which do not constitute an offer or invitation to the public within the meaning of the SFO. The AIFM and its connected persons may share any fees they receive with financial intermediaries, agents or other persons introducing investors or remunerate such persons out of their own resources.

Selling restriction in Japan

Selling restriction in Luxembourg

The Fund is authorised and was entered by the Luxembourg regulatory and supervisory authority (*Commission de Surveillance du Secteur Financier* (CSSF)) on the list of undertakings for collective investment subject to the supervision of the CSSF in accordance with the Law of 2010. The entry on the list is tantamount to authorisation and the entering and the maintaining on the list is subject to observance of all the provisions of laws, regulations or agreements relating to the organisation and operation of undertakings for collective investment and the distribution, placing or sale of their shares. The fact that an undertaking for collective investment is entered on the list shall not, under no circumstances, be described in any ways whatsoever as a positive assessment made by the CSSF of the quality of the shares offered for sale.

In Luxembourg, the Shares may be subscribed by both retail and institutional investors in accordance with the provisions of this Prospectus and the applicable laws and regulations, including but not limited to the Law of 8 April 2011 introducing a consumer code.

Selling restriction in Singapore

The offer or invitation of the Shares, which is the subject of this Prospectus, does not relate to a collective investment scheme which is authorised under section 286 of the Securities and Futures Act, Chapter 289 of Singapore (the "**SFA**") or recognised under section 287 of the SFA. The Fund is not authorised or recognised by the Monetary Authority of Singapore (the "**MAS**") and the Shares are not allowed to be offered to the retail public. This Prospectus and any other document or material issued in connection with the offer or sale is not a prospectus as defined in the SFA and, accordingly, statutory

liability under the SFA in relation to the content of prospectuses does not apply, and you should consider carefully whether the investment is suitable for you.

This Prospectus has not been registered as a prospectus with the MAS. Accordingly, this Prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of Shares may not be circulated or distributed, nor may Shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 304 of the SFA, (ii) to a relevant person pursuant to Section 305(1), or any person pursuant to Section 305(2) and in accordance with the conditions specified in Section 305 of the SFA and the conditions specified in Regulation 3 of the Securities and Futures (Classes of Investors) Regulations 2018, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Shares are subscribed or purchased under Section 305 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities (as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Shares pursuant to an offer made under Section 305 of the SFA except:

- (i) to an institutional investor or to a relevant person defined in Section 305(5) of the SFA, or to any person arising from an offer referred to in Section 275(1A) or Section 305A(3)(C)(ii) of the SFA;
- (ii) where no consideration is or will be given for the transfer;
- (iii) where the transfer is by operation of law;
- (iv) as specified in Section 305A(5) of the SFA; or
- (v) as specified in Regulation 36 of the Securities and Futures (Offers of Investments) (Collective Investment Schemes) Regulations 2005 of Singapore.

Selling restriction in Switzerland

The Fund is not authorized by, or registered with, the Swiss Financial Market Supervisory Authority (“**FINMA**”) under the Swiss Federal Act on Collective Investment Schemes of 23 June 2006, as amended (the “**CISA**”) and, as a consequence thereof, the relevant provisions related to the supervision as well as protection under the CISA are not applicable.

Shares in the Fund may not be publicly offered or marketed in or from Switzerland, and neither this Prospectus nor any other offering material relating to the Fund or the Shares may be made available in connection with any such offering or marketing. Shares may only be offered or marketed and the Prospectus and/or any other offering material relating to the Fund or Shares may only be made available in or from Switzerland to qualified investors within the meaning of the CISA.

In respect of Shares offered in and from Switzerland, the place of performance and jurisdiction is at the registered office of the representative in Switzerland. The constituent documents (such as Prospectus, the Articles, the key information documents) and further information documentation, such as the annual and semi-annual reports as well as the information on the historical performance of the Fund (if any) may be obtained free of charge at the registered office of the representative in Switzerland.

The representative in Switzerland is Partners Group AG, Zugerstrasse 57, 6341 Baar, Switzerland.

The paying agent in Switzerland is UBS Switzerland AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland.

Selling restriction in the United Kingdom

The Fund is an unregulated collective investment scheme as defined in the Financial Services and Markets Act 2000 of the United Kingdom (“**FSMA 2000**”). The Fund has not been authorized, or otherwise recognized or approved by the UK Financial Conduct Authority (“**FCA**”) and, as an unregulated scheme, it accordingly cannot be promoted in the United Kingdom (“**UK**”) to the general public.

In the UK, the contents of this Prospectus have not been approved by an authorised person within the meaning of section 21 of FSMA 2000. Approval is required unless an exemption applies under section 21 of FSMA 2000. Reliance on this Prospectus for the purpose of engaging in any investment activity may expose an individual to a significant risk of losing all the property or other assets invested. This Prospectus is exempt from the general restriction in section 21 of FSMA 2000 on the communication of invitations or inducements to engage in investment activity on the grounds that it is communicated in the UK only to restricted categories of recipients, namely: (1) persons believed on reasonable grounds to fall within one of the categories of “investment professionals” as defined in article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) order 2005 (the “**Promotion Order**”); (2) persons believed on reasonable grounds to be “high net worth companies, unincorporated associations etc” within the meaning of Article 49 of the Promotion Order; (3) persons who are “certified sophisticated investors” as described in article 50 of the Promotion Order, namely persons who hold a current certificate and who have signed a statement in the form prescribed by the Promotion Order not more than twelve

months prior to the date of this Prospectus; (4) persons to whom this Prospectus may otherwise lawfully be provided in accordance with FSMA 2000, and the Promotion Order (as amended); and (5) if communicated by a firm authorised by the FCA, to persons who fall within the exemptions set out in rule 4.12.4 (5) of the FCA's Conduct of Business Sourcebook. Any person who is in any doubt about the investment to which this Prospectus relates should consult an authorized person specialized in advising on investments of the kind in question. Transmission of this Prospectus to any other person in the UK is unauthorized and may contravene FSMA 2000.

Data protection

Compliance

The Fund undertakes to process Personal Data (as defined under applicable data protection laws) in accordance with the applicable data protection laws, including, but not limited to, the Luxembourg Law of 2 August 2002 on the protection of persons with regard to the processing of Personal Data, as amended, and the Regulation (EU) 2016/679 on the protection of natural persons with regard to the processing of Personal Data and on the free movement of such data (the "**GDPR**", applicable as from 25 May 2018), as implemented or complemented by the applicable national legislation (hereinafter, the "**Data Protection Laws**"). In particular, the Fund shall implement appropriate technical and organizational measures to ensure an appropriate level of security for the Personal Data.

Personal Data concerned

- (i) the processing is necessary for the performance of the application form and all supplemental agreements thereto;
- (ii) to comply with the Fund's legal obligations (e.g., regulatory requirements); and
- (iii) the processing is necessary to provide investment management services for the legitimate interests of the Fund to process Personal Data, except where such interests are overridden by the interests or fundamental rights and freedoms of the Data Subject(s) (as defined under the Data Protection Laws).

In rare circumstances, the Fund may also process Personal Data based on the Data Subject's consent or where it is needed in the public interest.

The provision of Personal Data is a requirement necessary to the acceptance of a subscriber in the Fund and to satisfy compliance with applicable laws. Therefore, failure to provide such Personal Data may result in the non-acceptance or exclusion of a subscriber from the Fund.

Purpose of processing

Personal Data shall only be processed for the following specific purposes (together, the "**Purposes**"):

- (i) for conducting credit reference check;
- (ii) for processing subscription and redemption orders;
- (iii) for maintaining the register of investors;
- (iv) for payments of dividends to investors;
- (v) for communicating with the investor as necessary in connection with its affairs and generally in connection with its shares;
- (vi) for operating the Fund's IT system, software and business application;
- (vii) for supporting the Fund's IT and business applications support team, accounting, legal, reporting, internal audit and risk management, administrative, transfer, document storage, record keeping and other related functions, including but not limited to processing Personal Data in connection the Fund;
- (viii) for detecting and preventing financial crime such as fraud, money laundering, terrorist financing, bribery, corruption, tax evasion and to prevent the provision of financial and other services to persons who may be subject to economic or trade sanctions, on an ongoing basis ("**Regulatory Assessments**");
- (ix) for facilitating the provision of the Fund's and/or any of its affiliates' internal administration;
- (x) for monitoring and recording telephone and electronic communications and transactions;

- a. for quality, business analysis, training and related purposes in order to improve its service delivery;
 - b. for investigation and fraud prevention purposes, for crime detection, prevention, investigation and prosecution of any unlawful act (or omission to act); and
 - c. to enforce or defend the Partners Group's (including each of our affiliates') rights, ourselves or through third parties to whom we delegate such responsibilities or rights in order to comply with a legal or regulatory obligations imposed on us;
- (xi) for liaising with any regulatory authority (including tax authorities), courts and other similar bodies with whom the Fund either is required to cooperate with or with who it decides or deems appropriate to cooperate in relation to an investment, and which has jurisdiction over the Fund or its investments;
 - (xii) for communicating with the Fund's professional advisers for the purposes of obtaining professional advice;
 - (xiii) for disclosing the investor's details (including identity and shares in the Fund) to any bank, financial institution or other third party lender providing any form of facility, loan, finance or other form of credit or guarantee to the Fund;
 - (xiv) for conducting business analytics and diagnostics; and
 - (xv) for developing business relationship.

Recipients of Personal Data

By completing and sending an application form each subscriber represents and warrants that all the Personal Data provided to the Fund have been lawfully collected and provided to the Fund in compliance with Data Protection Laws.

The Fund may share these Personal Data with the following persons, including their employees, officers, agents and/or affiliates (the "**Recipients**"):

- (i) Partners Group (Luxembourg) S.A.;
- (ii) European Depositary Bank SA;
- (iii) Apex Fund Services S.A.;
- (iv) any other service provider and sub-contractor of the Fund, including their IT service provider, auditors or counsels; and
- (v) the tax authorities or any other regulatory authority having competent jurisdiction over any of the above mentioned Recipients, when required by law or regulation of Luxembourg or otherwise.

Personal Data Transfers

By completing and sending an application form each subscriber acknowledges:

- (i) that some of the Recipients may be located outside the European Economic Area ("EEA") in countries which do not provide an adequate level of protection in the sense of article 45 of the GDPR ("**Non-Equivalent Countries**"). Where Personal Data is transferred to Non-Equivalent Countries, the Fund will implement appropriate safeguards, such as the signing of standard data protection clauses between the Fund and such Recipients, in order to ensure that the Data Subjects' rights described below are complied with, and that effective legal remedies are available. A redacted copy of these appropriate safeguards will be made available upon written request from the subscriber to the Fund. In the alternative, where no appropriate safeguards could be put in place, the Fund may transfer the personal data towards a Non-Equivalent Country on the basis of one of the derogations of article 49 of the GDPR, such as the explicit consent of the Data Subject.
- (ii) that consent may be withdrawn at any time, in accordance with the applicable Data Protection Laws. The right to withdraw consent shall however not affect the lawfulness of the processing based on consent prior to its withdrawal. In case of consent withdrawal, the Fund may however require the investor's complete withdrawal from the Fund.

Storage Limitation

The Personal Data processed by the Fund shall be stored for no longer than necessary in relation to the above specified Purposes. In any case, the Fund will remove the Personal Data at the latest 10 years after the relationship between the investor and the Fund has ended, unless otherwise required by law.

Rights of the Data Subjects

Upon written request addressed to the Fund, the relevant Data Subject may be given access to his/her Personal Data, require their rectification, erasure and/or exercise his/her right to data portability, within the limits set in the relevant Data Protection Laws. The relevant Data Subject may also object to or request restriction of the processing of his/her Personal Data in accordance with and within the limits set in the relevant Data Protection Laws. Before processing a request in relation to the exercise of one of the above-mentioned rights, the Fund may verify the identity of the person concerned and the rightfulness of the claim or request. The Fund will reply to such claim or request in compliance with the Data Protection Laws.

In accordance with the applicable Data Protection Laws, the Data Subject has the right to lodge a complaint with the Luxembourg supervisory authority for data protection (*Commission Nationale de la Protection des Données*) or any other competent supervisory authority.

Where the subscriber is an individual or a legal entity acting on behalf of underlying Data Subjects, the subscriber ensures that the Data Subjects concerned have been properly informed about the relevant aspects of the processing, including the Purposes of the processing, the Recipients to whom the Personal Data may be disclosed, the categories of Personal Data concerned, the possible transfer of these Personal Data outside the EEA (if any), and their rights as data subjects, in accordance with and within the time limits set in Articles 13 and 14 of the GDPR. Where applicable, a subscriber must have obtained the fully informed, specific, unambiguous and freely given consent of the Data Subjects whose Personal Data is provided to the Fund, including, where applicable, for the processing of sensitive data or transfer of Personal Data outside the EEA. The Fund, as well as its employees, officers or agents, have taken reasonable measures to ensure the security and confidentiality of the data transmitted to each of the Recipients concerned. However, due to the fact that the information is transferred electronically and made available outside of Luxembourg, the same level of confidentiality and the same level of protection in relation to data protection regulation as currently in force in Luxembourg may not be guaranteed while the information is kept abroad. By completing and sending an application form each subscriber expressly recognizes that the Fund, or any of its employees, officers or agents, will accept no liability with respect to any accidental or unauthorized disclosure, alteration or destruction of the Personal Data, except in the case of proven gross negligence or wilful misconduct by the Fund, its employees, officers or agents.

Contact details

The Fund may be contacted for all questions and/or requests relating to Personal Data by email at dpo@partnersgroup.com.

General

This Prospectus may be translated into other languages. In the event of any inconsistency or ambiguity in relation to the meaning of any word or phrase in any translation, the English text shall prevail to the extent permitted by the applicable laws or regulations, and all disputes as to the terms thereof shall be governed by, and construed in accordance with, the laws of Luxembourg.

Investment in the Fund should be regarded as a long-term investment. There can be no guarantee that the objective of the Fund will be achieved.

Your attention is drawn to the section "Risk Warnings".

In addition, the Fund's investments are subject to normal market fluctuations and the risks inherent in all investments and there can be no assurances that appreciation will occur. It will be the policy of the Directors to maintain a diversified portfolio of investments so as to minimise risk.

Potential subscribers and purchasers of Shares in the Fund should inform themselves as to (a) the possible tax consequences, (b) the legal requirements and (c) any foreign exchange restrictions or exchange control

requirements which they might encounter under the laws of the countries of their citizenship, residence or domicile and which might be relevant to the subscription, purchase, holding and disposal of Shares in the Fund.

The information contained in this Prospectus is supplemented by the Articles and further information documentation, such as the annual and half-yearly reports as well as the information on the historical performance of the Fund (if any) which may be requested free of charge at the registered office of the Fund and the AIFM.

The Fund draws the investors' attention to the fact that any investor will only be able to fully exercise his shareholder rights directly against the Fund, notably the right to participate in general meetings of Shareholders, if the investor is registered himself and in his own name in the Fund's Share register. In cases where an investor invests in the Fund through an intermediary investing into the Fund in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights directly against the Fund. Investors are advised to take advice on their rights.

2. Description of the Fund

The Fund is a company organised as a public limited company (*société anonyme*) under the laws of the Grand Duchy of Luxembourg and qualifies as an investment company with variable capital – investment fund subject to Part II of the Law of 2010 (*société d'investissement à capital variable* (SICAV) – fonds d'investissement soumis à la partie II de la loi 2010). The Fund is an AIF within the meaning of Article 1 (39) of the 2013 Law. The Fund was incorporated in Luxembourg on 1 February 2007. The capital of the Fund shall be equal at all times to the net assets of the Fund. The minimum capital is EUR 1,250,000. The Articles were published in the *Mémorial C, Recueil des Sociétés et Associations* (the "*Mémorial*") on 21 February 2007. The Articles were last amended on 7 August 2012 at an extraordinary general meeting of Shareholders. This amendment is published in the *Mémorial* of 18 September 2012. The Fund is incorporated for an undetermined period.

The Fund is registered with the *Registre de Commerce et des Sociétés* of Luxembourg under number B 124.171. The Articles have been deposited with the *Registre de Commerce et des Sociétés* of Luxembourg.

The Fund has appointed Partners Group (Luxembourg) S.A. as alternative investment fund manager of the Fund in accordance with Article 88-2 of the Law of 2010.

Under Luxembourg law and the Articles, the Fund is authorised to issue an unlimited number of Shares, all of which are without par value. The Directors may issue different classes of Shares ("**Class**" or "**Classes**") within the Fund.

The base currency of the Fund is the Euro ("**EUR**") and all the financial statements of the Fund will be presented in EUR.

3. Investment Objective and Policies

The Fund's investment objective is to obtain superior returns and to achieve capital growth over the medium and long-term by investing in private equity. The allocation of the Fund's assets shall provide a broad diversification and follow the principle of risk spreading.

Private equity is a common term for professionally managed investments in non-public and public companies through privately negotiated transactions in the form of equity, hybrid and debt instruments. Private equity covers a broad range of investment opportunities from start-up capital for companies trying to grow their business ("**Venture Capital**") to management buyouts or leveraged buyouts of established companies ("**Buyouts**") and investments in companies that have special financing needs because they are in a transition or restructuring phase ("**Special Situations**"). Private equity may also include mezzanine or other debt transactions, private real estate investments, private infrastructure investments or PIPE (private investments in public equity) transactions.

The Fund's assets shall be invested in private equity by investing (i) in Private Equity Funds, (ii) in Listed Private Equity Investments, (iii) in private operating companies as so-called Direct Investments, including mezzanine debt ("**Mezzanine Direct Investments**") and other debt (together with Mezzanine Direct Investments, the "**Direct Debt Investments**") (including, without limitation, first and second lien debt, unitranche debt and bonds) to private or public companies (whether by way of origination, acquisition or other means) and in certain instances acquire equity interests, (iv) Fund of Private Equity Funds, and (v) Pooling Vehicles (each a "**Fund Investment**",

and collectively "**Fund Investments**"). The allocation of investments between Mezzanine Direct Investments and other debt investments shall be made by the AIFM on a deal-by-deal basis. Fund Investments may be accessed directly or indirectly through pooled investments vehicles or other special purpose vehicles.

- Private Equity Funds are investment vehicles typically focusing on buyout, mezzanine, venture capital and special situations such as distressed or turnaround situations, private real estate, private infrastructure investments, PIPE (private investments in public equity) transactions, securitization vehicles or leveraged debt. Private Equity Funds are often set-up in the form of a limited partnership. A general partner or management firm typically manages the limited partnership according to policies described in a partnership agreement or similar contract.

Private Equity Funds usually have a term of ten to twelve years and invest over the first two to five years using equity, hybrid and/or debt instruments. The general partner selects the investments and often takes a material or even controlling position in the investee company. Accordingly, the general partner often applies significant influence on the investee company. A Private Equity Fund usually realises its investments after a holding period of approximately three to seven years with a view of generating a return for the Private Equity Fund's investors.

The Fund may invest in Private Equity Funds which are in the fundraising phase ("**Primary Investment**"), but may also acquire interests in previously established Private Equity Funds on the secondary market ("**Secondary Investment**"). Typically, Secondary Investments have already invested part of their assets in private operating companies.

The exposure to *Private Equity Funds* may be obtained directly or by investing in funds which themselves invest in Private Equity Funds ("**Funds of Private Equity Funds**").

- *Listed Private Equity Investments* are investments in listed investment vehicles that invest in private equity transactions or funds. Listed Private Equity Investments may also include investments in publicly listed companies in connection with a privately negotiated financing or an attempt to exercise significant influence on the subject of the investment.
- The Fund may also invest in private operating companies ("**Direct Investment**"). Direct Investments may also include investments in private real estate investments, private infrastructure investments, PIPE (public investments in public equity) transactions, in mezzanine debt or any other debt in private or public operating companies. Mezzanine debt is a hybrid financial instrument combining the characteristics of debt and equity, is typically privately negotiated, and often employed in buyouts, growth financing and other private equity transactions.

The objective of the Fund is to provide participation in all sectors of the private equity asset class by investing, directly or indirectly, in Private Equity Funds, Listed Private Equity Investments, and Direct Investments. There will, however, be situations due to the need to ensure diversification, access or for other reasons, when it is in the interests of Shareholders to invest in Funds of Private Equity Funds or other Pooling Vehicles.

Investment in Funds of Private Equity Funds should enable the Fund to gain exposure to specific regions, vintage years, industries or high quality private equity management expertise which may otherwise not be accessible and ensure diversification on an ongoing basis.

The AIFM, on behalf of the Fund, intends to pursue three closely associated investment strategies when making investments in private equity, namely a top-down strategy, a bottom-up strategy (due diligence) and a commitment strategy. The top-down strategy is the selection process used to allocate investment according to financing stage (Venture Capital, Buyout, Special Situations) and geography. The bottom-up strategy is a selection process with the goal to identify those Private Equity Funds, Listed Private Equity Investments, and Direct Investments within the target sector that are expected to provide superior returns relative to their peers.

The commitment strategy ("**Commitment Strategy**") is a procedure to manage the use of monies to be invested and determine appropriate commitment levels. The commitments for an investment vehicle such as a Private Equity Fund only become invested when that sum is actually drawn down. The draw-down of the given commitments may take a period of several years. During this period income accrues to the Fund from investments already made, whereby the overall sum to be invested is increased. In practice, without an appropriate commitment strategy a significant investment position would rarely be reached.

It is the aim of the Commitment Strategy to keep the available liquidity resources substantially invested where possible.

This aim should be attained by making commitments based on anticipated and actual future cash flows from, *inter alia*, distributions from investments and subscriptions and redemptions of Shares by investors. However, at the same time possible net out-flows through the redemption of Shares by investors or distributions is taken into consideration. The use of the Commitment Strategy assumes efficient liquidity management and anticipates future cash flows of the Fund. The AIFM intends to use a range of techniques to minimise the risk associated with the Commitment Strategy. These techniques include:

- Limiting commitments with respect to individual vintage years;
- Operating an active liquidity management policy; and
- Producing cash flow forecasts based on a broad range of data. Where necessary the Fund may also establish a credit line to balance temporary disparities between commitments and appropriate returns and satisfy redemption requests. To enhance the Fund's liquidity, particularly in times of possible net outflows through the redemption of Shares by investors, the AIFM may sell certain of the Fund's assets on the Fund's behalf.

The Fund currently intends to partially hedge its foreign exchange exposure. Depending on then prevailing circumstances, the Fund may or may not hedge its foreign exchange exposure fully or partially. It has no obligation to hedge any foreign exchange exposure at all.

For the purpose of liquidity management, the Fund is expected to hold liquid assets. Such assets may be kept in current accounts, or short term money market instruments.

The Directors may at their discretion alter investment policies provided that any material change in investment policy is notified to Shareholders and this Prospectus is updated accordingly in accordance with applicable Luxembourg regulatory requirements.

Sustainability-related disclosures

The AIFM has categorised the Fund under Article 8 of the Disclosure Regulation. All disclosures in relation thereto are contained in Annex 1 attached to this Prospectus.

4. Share Class Information

The Directors of the Fund have the authority to issue different Classes of Shares within the Fund and the issue of new Shares shall be at the discretion of the Directors. Details of the characteristics of such Share Classes offered by the Fund will be determined by the Directors. In case of the creation of additional Classes of Shares, this Prospectus will be updated. Not all the Classes of Shares shown in the table below are available as at the date of this Prospectus. Information on which Classes of Shares are available can be obtained from the Administrator or at www.fundinfo.com.

All Shares of the same Class have equal rights and privileges. Each Share is, upon issue, entitled to participate equally in assets of the relevant Class to which it relates on liquidation and in dividends and other distributions as declared for the Fund. The Shares will carry no preferential or pre-emptive rights and each whole Share will be entitled to one vote at all meetings of Shareholders.

Subscription requests for the following Classes of Shares (each and "**Old Share Class**" and together the "**Old Share Classes**") are possible until the Cut-off Date in December 2018 (as defined in 'How to Deal' below):

Where the respective Class is not expressly defined as “Distributing Shares”, it must be deemed to be “accumulating” and its policy will be typically to reinvest capital gains, dividends, and interest received from assets, therefore no distributions shall be made and any gains will instead be reflected in the Net Asset Value of the respective accumulating Class. In connection with any Distributing Share Class, there is no guarantee that a distribution will be made in any given period. Please refer to the section 11 “Distribution Policy” for further details.

Where payments are tendered by a subscriber or, if a capital withdrawal is required in a currency other than the base currency, the reference currency of the respective Class or an Additional Dealing Currency, the necessary foreign exchange transactions will be arranged by the Administrator for the account of, and at the expense of, the applicant at prevailing exchange rates on the relevant Business Day.

The Fund currently intends, at its discretion, to separately hedge Classes which are denominated in any currency other than EUR, being the Fund's base currency. Depending on then prevailing circumstances, the Fund may or may not hedge Classes. However, the Fund has no obligation to hedge any Class at all.

As set out in section "**Investment Objective and Policies**", the Fund currently intends to partially, at its discretion, hedge its foreign exchange exposure at the overall portfolio level, as well. However, it has no obligation to hedge any foreign exchange exposure at all.

In relation to currency hedging undertaken, if any, in the interest of a hedged Class of Shares, the attention of the investors is drawn to the fact, that various Classes of Shares do not constitute separate portfolios of assets and liabilities, but only a quota in the assets and liabilities of the Fund. Accordingly, gains and losses on the hedging transactions are allocated to the hedged Classes only but *vis-à-vis* third parties a Class of Shares may be liable for obligations incurred in connection with currency hedges in favour of another Class of Shares.

5. How to Deal

Under normal circumstances, the Fund's ordinary redemption and subscription procedure, as set out under section 4.1 "**Monthly Dealing Procedure**", applies.

The Directors have the ability to introduce additional measures to deal with extraordinary circumstances (for example, periods of extraordinary market and economic circumstances) or circumstances which in the reasonable opinion of the Directors warrant application of the Annual Dealing Procedure (as defined in section 4.2) in the interest of existing Shareholders. Such measures shall be of a temporary nature only and are expected to be lifted once these circumstances have normalised or where the application of the Annual Dealing Procedure is in the reasonable opinion of the Directors no longer required.

In addition, the Directors may decide at their discretion not to accept redemptions and/or subscriptions for a period of up to 12 months, if deemed in the interest of existing Shareholders. In any case, no issue or redemption of Shares will take place during any period when the

calculation of the Net Asset Value per Share is suspended as defined in section 6.

Shareholders will be informed in a timely manner, should the Directors decide to make use of any of these measures. Any Shareholder who has submitted a request for redemption of Shares prior to such announcement may withdraw its request. If the redemption request is not withdrawn, the redemption will be deferred to the first Valuation Day following the termination of the suspension of the Net Asset Value calculation or to the Annual Redemption Day at the Secondary Value Dealing Price (as defined below), as the case may be.

Notice of the suspension will be published as required by Luxembourg law and regulations and other applicable law.

5.1 Monthly Dealing Procedure

(Please note that this procedure is applicable as from the date of this Prospectus until written notice to Shareholders is given. As outlined in section 4.2 "Annual Dealing Procedure", the Directors may decide to introduce the Annual Dealing Procedure in extraordinary circumstances.)

Cut-off Date & Valuation Point

Applications for subscription and redemption must be submitted to Apex Fund Services S.A., 3, rue Gabriel Lippmann, L-5365 Munsbach, acting as Registrar and Transfer Agent.

Applications for subscriptions which are received prior to the cut-off date, being 5 p.m. CET on the 21st calendar day in each month, or if such day is not a Business Day, the following Business Day (the "**Cut-off Date**") will, if accepted, be dealt with on the basis of the Net Asset Value per Share calculated as of the Valuation Point, being 5 p.m. CET on the last Business Day of such month (the latter being defined as "**Valuation Day**"). Applications received after the Cut-off Date, if accepted, will be dealt with on the basis of the Net Asset Value per Share as of the next following Valuation Point. To accept orders from new investors know your customer (KYC) and anti-money laundering (AML) checks have to be performed and finalised by Apex Fund Services S.A. prior to the Cut-off Date. This requires the complete documentation to be provided five business days prior to the Cut-off Date to Apex Fund Services S.A..

Apex Fund Services S.A., in its sole discretion and with the standing approval of the Fund's board, may accept a new investor even if this investor has submitted his complete KYC and AML documentation less than 5 days prior to the Cut-off Date, provided that Apex Fund Services S.A. has already verified the documentation and has opened the account at the time of the Cut-off Date.

Dealing Limitations

Subscriptions, redemptions, redemption amendments, and conversions of Shares should be made for investment purposes only. The Fund does not permit market-timing or other excessive trading practices. Excessive, short-term (market-timing) trading practices may disrupt portfolio management strategies and harm fund performance. To minimise harm to the Fund and the Shareholders, the Directors have the right to reject any purchase, redemption amendment, or conversion order from any investor who is engaging in excessive trading or has a history of excessive trading or if an investor's trading, in the opinion of the Directors, has been or may be disruptive to the Fund. In making this judgment, the Directors may consider trading done in multiple

accounts under common ownership or control. The Directors, the Fund or the AIFM will not be held liable for any loss resulting from rejected orders.

Subscription, redemption and conversion requests are made at an unknown Net Asset Value per Share.

Subscriptions

Initial shares of any new Class will initially be issued at an issue price of SEK 1,000 for Classes denominated in SEK, JPY 20,000 for Classes denominated in JPY, KRW 1 for the Class denominated in KRW and 100 per Share in any other applicable Class currency.

The Directors may, on a case-by-case basis, consider subscriptions from different investors as one subscription for the purpose of determining whether the minimum initial investment amount has been reached, provided that the subscribers are affiliated entities or are otherwise related, for example, by subscribing through the same placing agent or other intermediary.

Further, the Directors may take into consideration previous subscriptions in any Class, anticipated future subscriptions, or other aspects as may be deemed appropriate, when calculating the minimum initial investment by any investor or a group of investors subscribing through the same placing agent or other intermediary.

The Directors reserve the right to accept or reject, in their sole discretion, any request to purchase Shares at any time.

If a Shareholder should hold less than one Share, the Directors reserve the right to force redemption of such Share.

Subscriptions for Shares should be made by fax, in writing, or any other method deemed appropriate by the Administrator.

Delivery into Clearing Systems

Arrangements can be made for Shares to be held in accounts maintained with clearing houses. For further information about the procedures involved, please contact the Registrar and Transfer Agent.

Applicants will be required to provide information required under relevant anti-money laundering and fight against terrorism financing laws.

In relation to applicants requesting subscriptions in the base currency EUR or the reference currency of any Class, subscription monies shall be received at the latest three (3) Business Days following the Net Asset Value Calculation Day. No interest will be paid on any payments received prior to this deadline. Investors should note that incomplete subscription applications and subscription applications which are not settled by the due date may be cancelled by the Fund and any costs of cancellation passed on to the investor.

A contract note will typically be issued on the Net Asset Value Calculation Day but no later than three (3) Business Days after the applicable Net Asset Value Calculation Day, giving full details of the transaction.

Subscription Fee and Distributor Subscription Fee

The Directors may determine a subscription fee to the applicable Net Asset Value per Share (the "**Subscription Fee**"), which Shareholders will have to pay, and which is for the sole benefit of the Fund. The Subscription Fee will be between 0 – 5%, depending on what the Board determines to be in the interest of the existing Shareholders. Where the Subscription Fee as determined by the Directors is lower than 5%, distributors or other intermediaries may determine to increase the applicable Net Asset Value per Share for their benefit by up to 5% of the Net Asset Value per Share (the "**Distributor Subscription Fee**"), always provided that the Subscription Fee and the Distributor Subscription Fee are in aggregate not in excess of 5% of the Net Asset Value per Share.

Subscription Restrictions

Old Share Classes may not be subscribed for after 5 p.m. CET on the 21 December 2018. Net subscriptions are limited per year to 25% of the Net Asset Value of Shares outstanding (in aggregate across all Classes), at the start of each financial year, to avoid dilution to existing investors. The Directors may, from time to time, determine to waive this restriction for any particular Valuation Day or for a certain time period subject to the AIFM's analysis of available investment opportunities and liquidity situation of the Fund.

Dealings in Additional Dealing Currency

In relation to applicants requesting subscriptions in the Additional Dealing Currency, subscription monies must be received on the 10th Business Day of the calendar month following the applicable Valuation Day. No interest will be paid on any payments received prior to this deadline. Investors should note that incomplete subscription applications and subscription applications which are not settled by the due date may be cancelled by the Fund and any costs of cancellation passed on to the investor.

Dealings in any Additional Dealing Currency will be settled on the Net Asset Value per Share as calculated in the Class's reference currency but expressed, on the basis of the then prevailing foreign exchange rate, in the Additional Dealing Currency.

A contract note will typically be issued on the Net Asset Value Calculation Day but no later than three (3) Business Days after the applicable Net Asset Value Calculation Day, giving full details of the transaction.

Anti-money Laundering Provisions

Pursuant to (i) the Luxembourg law of 19 February 1973 (as amended) on the sale of drugs and against drug addiction, (ii) the Luxembourg law of 5 April 1993 (as amended) relating to the financial sector, (iii) the Luxembourg law of 12 November 2004 (as amended) relating to the fight against money laundering and against terrorist financing and (iv) to the relevant CSSF circulars and regulations, obligations have been imposed on all professionals of the financial sector to prevent the use of undertakings for collective investment for money laundering purposes (together, the "**AML/KYC Regulations**"). Within this context a procedure for the identification of prospective investors has been imposed. Namely, the application form of a prospective investor must be accompanied by any supporting documents prescribed by applicable rules and regulations allowing the appropriate level of identification of the prospective investor and, as the case may be, its beneficial owners as well as the source of the monies of the Investor. The Board of Directors may further require receiving additional supporting documents from Investors throughout the life of the Fund to ensure compliance with the AML/KYC Regulations. Failure to provide such information may result in the Board of Directors rejecting a subscription application or suspending the payment of distributions.

Where the investment in the Fund is made through an intermediary as set forth in article 3 of the CSSF Regulation 12-02, as amended by CSSF Regulation 20-05, the Board of Directors will put in place enhanced customer due diligence measures in accordance with article 3-2 of the Luxembourg law of November 12, 2004 on the fight against money laundering and terrorist financing, as amended.

In relation to investments made by the Fund, the AIFM carries out an analysis of the AML risk posed by the investment and applies due diligence measures based on a risk assessment, which due diligence is documented.

In addition, the AIFM shall ensure that the due diligence carried out by it or the Portfolio Manager in relation to the investments of the Fund takes into account all applicable anti-money laundering requirements.

Redemptions

Redemption orders may be placed by fax, in writing, or any other method deemed appropriate by the Administrator. A redemption order will not be treated as valid unless it is in respect of Shares which are registered and for which the issue price has been fully paid by the Shareholder.

The Registrar and Transfer Agent will redeem the Shares on the Dealing Day if it has received the duly completed redemption form:

- (i) by no later than 5 p.m. (CET) on the last business day, two months prior to the Valuation Point for the nominated Dealing Day, in the case of all Classes other than Class T Shares and Class T-N Shares;
- (ii) by no later than 5 p.m. (CET) on the last business day, in the case of Class T Shares and Class T-N Shares, three months prior to the Valuation Point for the nominated Dealing Day;

subject to the restrictions described below, it being noted that the Board may grant up to two (2) additional business days to the investors of Class I (AUD) and Class I-N (AUD) to submit their final redemption form for operational reasons.

In respect of Class E-N (DKK), Class E-NZ (DKK), Class R-N (DKK), Class R-NZ (DKK), Class DE-N (EUR), Class DE-NZ (EUR), Class DR-N (EUR) and Class DR-NZ (EUR), Shareholders in Denmark who qualify as retail investors (as defined in the Directive 2014/65/EU on Markets in Financial Instruments) and who hold such shares are offered by the Fund to request redemption of their shares in these Share Classes by giving (i) a ten (10) Business Days' notice prior to the Valuation Point for the nominated Dealing Day to the Registrar and Transfer Agent subject to the application of a Redemption Fee of 5% of the Net Asset Value per Share (in addition to any other Redemption Fees or costs that may apply) or (ii) a two (2) months' notice prior to the Valuation Point for the nominated Dealing Day to the Registrar and Transfer Agent subject to no Redemption Fee of 5% as set out in this paragraph (but subject to any other Redemption Fees or costs that may apply) . The choice of the aforesaid applicable redemption notice period is subject to the relevant sole discretion of the Shareholders qualified as retail investors (as defined in the Directive 2014/65/EU on Markets in Financial Instruments).

Redemption requests which are received by the relevant deadline for the nominated Dealing Day will be dealt with on the basis of the Redemption Price calculated as of the relevant Valuation Point or on the basis of the Secondary Value Dealing Price (if applicable).

Once a Shareholder has submitted a valid redemption request, it will generally not be possible to revoke some or all of the amount of such request. Notwithstanding the preceding, for operational reasons only and subject to the restrictions described in this Prospectus, the Board may grant Shareholders qualifying as Feeder Funds the right to amend a duly submitted redemption request. Such requests shall be accepted only based on (i) a pre-application form submitted by the relevant Feeder Fund setting out the operational reasons for the Feeder Fund requesting the benefit of this right, along with a trading plan setting out the expected frequency to make use of this right, and (ii) a duly completed redemption amendment form being provided to the Registrar and Transfer Agent, by the subscription Cut-off Date immediately prior to the nominated Dealing Day for the relevant redemption request. The Board, having due regard to the interest of the Fund, the Shareholders as a whole and the operational burden such redemption amendment may trigger, shall have full discretion to accept or refuse any pre-application form or the accompanying redemption amendment form.

The pre-application form and redemption amendment form are available from the Registrar and Transfer Agent on request. Redemption amendment requests shall only be permitted (x) to reduce or cancel the relevant redemption request, (y) once for each duly submitted redemption request, and (z) where the redemption amendment reduces the relevant redemption request by at least EUR 1,000,000 or equivalent if in a currency other than the base currency.

Redemption monies shall be paid at the latest three (3) Business Days after the Net Asset Value Calculation Day. Payments are made by telegraphic transfer and any costs incurred therewith will be borne by the Shareholder. The payment of redemption proceeds is carried out at the risk of the Shareholder.

A contract note will be sent to Shareholders giving full details of the transaction.

To meet redemption requests, the Directors may also decide to establish a credit line of up to 25% of the assets of the Fund.

If a Shareholder should hold less than one Share, the Directors reserve the right to force redemption of such Share.

Redemption Fees

The applicable Net Asset Value per Share may be reduced by a Redemption Fee of up to 5% of the Net Asset Value for the benefit of the Fund as determined by the Directors from time to time.

Redemptions by any Shareholders in Denmark who qualify as retail investors (as defined in the Directive 2014/65/EU on Markets in Financial Instruments) and who hold Class E-N (DKK), Class E-NZ (DKK), Class R-N (DKK), Class R-NZ (DKK), Class DE-N (EUR), Class DE-NZ (EUR), Class DR-N (EUR) or Class DR-NZ (EUR), and who request redemption of their shares in these Share Classes by a ten (10) Business Days' notice are subject to a Redemption Fee of 5% of the Net Asset Value per Share (in addition to any other Redemption Fees or costs that may apply).

In addition to the Redemption Fee described above, an early exit fee of 2.5% of the Redemption Price applies on the redemption of any Class W-N Distributing Shares during the Initial Offering Period (the "Class W-N Exit Fee"). The Class W-N Exit Fee is paid for the benefit of the Fund.

In addition, in respect of redemption amendment requests only, the applicable Net Asset Value per Share will be reduced by a redemption amendment fee of EUR 10,000 per Feeder Fund. This redemption amendment fee shall be split equally between each redemption amendment request submitted by that Feeder Fund, for the benefit of the Fund as determined by the Directors from time to time.

Redemption Restrictions

In relation to Old Share Classes, Net Redemptions will be limited per calendar quarter to 5% of the Net Asset Value of Shares outstanding (in aggregate across all Old Share Classes) at the end of the preceding quarter unless the Directors waive such restriction either partially (by determining a higher percentage) or in its entirety, based on the AIFM's analysis of available liquidity.

For all New Share Classes (excluding the Class E-N (DKK), Class E-NZ (DKK), Class R-N (DKK), Class R-NZ (DKK), Class DE-N (EUR), Class DE-NZ (EUR), Class DR-N (EUR) and Class DR-NZ (EUR)), Net Redemptions will be limited per calendar quarter to 5% of the Net Asset Value of Shares outstanding (in aggregate across all New Share Classes) at the end of the preceding quarter unless the Directors waive such restriction either partially (by determining a higher percentage) or in its entirety, based on the AIFM's analysis of available liquidity.

When deemed in the best interest of the Fund, the Directors may determine to further reduce the Net Redemption limits for New Share Classes to 2.5%. Such further restriction can be enacted for one or several Dealing Days but would be limited for a period of up to 2 years. After such period has lapsed, the same restriction shall not be enacted for the same period as it was most recently imposed.

Subject to compliance with applicable law, Net Redemptions of Class E-N (DKK), Class E-NZ (DKK), Class R-N (DKK), Class R-NZ (DKK), Class DE-N (EUR), Class DE-NZ (EUR), Class DR-N (EUR) and Class DR-NZ (EUR) will be limited per calendar quarter to 5% of the combined Net Asset Value in aggregate across all Class E-N (DKK), Class E-NZ (DKK), Class R-N (DKK), Class R-NZ (DKK), Class DE-N (EUR), Class DE-NZ (EUR), Class DR-N (EUR) and Class DR-NZ (EUR) at the end of the preceding quarter, rounded down to the nearest whole number, unless the Directors waive such redemption restriction in respect of Class E-N (DKK), Class E-NZ (DKK), Class R-N (DKK), Class R-NZ (DKK), Class DE-N (EUR), Class DE-NZ (EUR), Class DR-N (EUR) and Class DR-NZ (EUR) either partially (by determining a higher percentage) or in its entirety, based on the AIFM's analysis of available liquidity.

Where a redemption request is, fully or partially, deferred in accordance with the redemption restrictions of the Fund, the Directors may grant all affected Shareholders the right to withdraw the deferred part of the original redemption request.

Deferral of Subscriptions and Redemptions

If the Fund receives net subscriptions or redemptions requests in excess of the limit for a given period, the Administrator will reduce all applications received for a given Valuation Day pro-rata, and defer any applications in excess of the respective limit, and not settled on such Valuation Day, to the immediately succeeding period and relevant Valuation Day, always subject to the subscription and redemption restrictions applicable for such period. Deferred subscription or redemption requests will be dealt with on equal terms with new subscription and redemption requests for that Valuation Day, and all subscription or redemption requests, as applicable, whether deferred or newly submitted, will be reduced pro-rata so that the relevant limit for that Valuation Day is not exceeded. No interest will be paid on any payments received in relation to applications being deferred in accordance with this clause.

Conversions

Shares of each Class may be converted into Shares of another Class subject to the fulfilment of any conditions applicable to such Class. The conversion will be effected by way of a redemption of Shares of one Class (the "**Original Class**") and a simultaneous subscription for Shares of the other Class (the "**Target Class**"), where the general provisions and procedures relating to redemptions and subscriptions of Shares will apply, save that (i) the conversion notice period will be aligned with the provisions relating to subscriptions of Shares only and (ii) no Subscription Fee or Redemption Fee will be payable. The price per Share of the Target Class will be calculated on the basis of the applicable Net Asset Value per Share as of the Valuation Point on which the conversion is to take place.

For the purpose of redemption restrictions, conversions will not be included in the calculation of Net Redemptions.

Conversion orders may be placed by fax, in writing, or any other method deemed appropriate by the Administrator. A conversion order will not be treated as valid unless it is in respect of Shares which are registered and for which the issue price has been fully paid by the Shareholder.

Subject to the discretion of the Directors, each conversion is subject to the conversion request complying, in respect of the Target Class, with the Minimum Initial Investment requirements of the Class into which the conversion is requested.

The number of Shares to be issued in the Target Class will be calculated in accordance with the following formula:

$$A = \frac{B \times C \times D}{E}$$

Where:

A = number of Shares of the Target Class to be allocated

B = number of Shares of the Original Class converted

C = Net Asset Value per Share on the relevant Valuation Day for the Original Class

- D = the currency conversion factor or, where the Shares of the Target Class are denominated in the same currency of the Original Class, D = 1
- E = Net Asset Value per Share on the relevant Valuation Day for the Target Class or, where applicable, the issuance price.

The value of Shares held by a Shareholder in a Target Class must exceed the Minimum Initial Investment applicable to such Class. In the event the Minimum Initial Investment is not met, a Shareholder will be deemed to have requested the conversion of their entire holding in such Class of Shares, unless this requirement is waived by the Directors.

The Directors reserve the right to accept or reject, in their sole discretion, any conversion requests by Shareholders.

Transfers

Registered Shares may be transferred by stock transfer form or other written instrument which the Fund or its agents have authorised. The Fund shall not be bound to register (i) more than four persons in respect of each Share, (ii) persons under the age of 18, or (iii) any transfer to a US person.

The transferor is deemed to remain the holder until the transferee's name is entered in the register. The transferee must comply with the proof of identity requirements set out above as though the transferee were a new subscriber, and must complete an application form or provide the representations, warranties and disclosure contained within the application form prior to being entered on the Fund's register.

To accept stock transfers know your customer (KYC) and anti-money laundering (AML) checks have to be performed and finalised by Apex Fund Services S.A. prior to the transfer in for the new investor.

The Directors reserve the right to accept or reject, in their sole discretion, any request to transfer Shares at any time.

Joint Shareholders

In the case of joint Shareholders the Fund reserves the right to pay any redemption proceeds, distributions or other payments to the first registered holder only or to all joint Shareholders together, at its absolute discretion.

Form of Shares

Shares will be issued in registered form. The Directors are likewise authorised to issue Share fractions. Shares may be issued with up to six decimal places. Shareholders will receive monthly statements of account certifying their holding. Such extracts constitute extracts of the share register.

Compulsory Redemptions

The Board of Directors has the power to restrict or prevent the legal or beneficial ownership of Shares or prohibit certain practices such as late trading and market timing by any person (individual, corporation, partnership or other entity), if, in the opinion of the Board of Directors, such ownership or practices may: (i) result in a breach of any provisions of the Articles, the Prospectus or the laws or regulations of any jurisdiction, including but not limited to, a breach of current and/or future sanctions of the EU, the United States or such other jurisdiction, body or organisation as determined by the Board of Directors, (ii) require the Fund to be registered under

any laws or regulations whether as an investment fund or otherwise, or cause the Fund to be required to comply with any registration requirements in respect of any of its Shares, whether in the United States of America or in any other jurisdiction, such registration being detrimental to the Fund or the Shareholders or (iii) cause the Fund or the Shareholders any detrimental effect, any liability for taxation or suffering any pecuniary disadvantage which they would not have otherwise incurred nor suffered (with any Shareholder or potential Shareholder who, in the reasonable opinion of the Board of Directors, falls into this categorisation being referred to as a “**Prohibited Person**”).

Issue and transfer: The Fund may decline to issue any Shares or to accept any transfer, where it appears that such issue or transfer would or might result in Shares being acquired or held by, on behalf or for the account or benefit of, a Prohibited Person. The Fund may require at any time any Shareholder or prospective Shareholder to provide the Fund with any representations, warranties, or information, together with supporting documentation, which the Fund may consider necessary for the purpose of determining whether the issue or transfer would result in Shares being held by, on behalf or for the account or benefit of a Prohibited Person.

Existing Shareholders: The Fund may compulsorily redeem all Shares held by, on behalf or for the account or benefit of, Prohibited Persons or Shareholders who are in breach of, or have failed to provide, the abovementioned representations, warranties or information in a timely manner. In such cases, the Fund will notify the Shareholder of the reasons which justify the compulsory redemption of Shares, the number of Shares to be redeemed and the indicative Dealing Day on which the compulsory redemption will occur. To the extent permitted to do so in accordance with applicable laws and regulations, the Redemption Price shall be determined based on the latest Net Asset Value minus any Redemption Fee and/or any other fees, costs and expenses incurred to satisfy such compulsory redemption. The payment of redemption proceeds is carried out at the risk of the compulsorily redeemed Shareholder and redeemed Shares will be cancelled with such payment.

The Fund may, at its sole discretion and subject to compliance with applicable laws and regulations, also grant a grace period to the Shareholder for remedying the situation causing the compulsory redemption, for instance by transferring the Shares to one or more prospective Shareholders who are not Prohibited Persons and do not act on behalf or for the account or benefit of Prohibited Persons, and/or propose to convert the Shares held by any Shareholder who fails to satisfy the Shareholder eligibility requirements for a Share Class into Shares of another Share Class available for such Shareholder.

The Fund reserves the right to require the Shareholder to indemnify the Fund against any losses, costs or expenses arising as a result of any Shares being held by, on behalf or for the account or benefit of Prohibited Persons or Shareholders who are in breach of, or have failed to provide, the abovementioned representations, warranties or information in a timely manner. The Fund may pay such losses, costs or expenses out of the proceeds of any compulsory redemption described above and/or redeem all or part of the Shareholder’s other Shares, if any, in order to pay for such losses, costs or expenses.

Notwithstanding anything to the contrary in this Prospectus, the issue, redemption, or conversion of Shares is prohibited: (i) during the period where the Fund does not have a depositary or (ii) in the event of liquidation, declaration of bankruptcy or application for admission to a debt-restructuring arrangement, the suspension of payments or the controlled management or a similar measure concerning the Depositary in accordance with the Law of 2010.

5.2 Annual Dealing Procedure

(Please note that this procedure is not applicable as at the date of this Prospectus and will not come into effect until written notice has been given to Shareholders. As outlined in this section 4.2, the Directors may decide to introduce the Annual Dealing Procedure in extraordinary circumstances.)

Cut-off Date & Valuation

In relation to the annual dealing procedure ("**Annual Dealing**"), redemption requests which are received prior to 5 p.m. CET on the Annual Redemption Day, as determined by the Directors and announced to Shareholders prior to such day, will, if accepted, be transacted on the Secondary Value Dealing Price (as defined below). The first Annual Redemption Day following the decision of Directors to apply the Annual Dealing, shall be no later than 12 months after notice of such decision was given to Shareholders.

For the avoidance of doubt, the Monthly Dealing Procedure shall not be available following the decision of the Directors to apply the Annual Dealing.

Redemption proceeds shall normally be paid to redeeming Shareholders by no later than 180 days following the respective Annual Redemption Day of each calendar year (the "**Annual Redemption Payment Day**"), provided the Fund has sufficient liquid assets available from proceeds of its assets as contemplated below. Should proceeds not be readily available, the Directors shall keep Shareholders informed and pay redemption monies as soon as practicable when sufficient funds have been generated but not later than one year after the Annual Redemption Day.

Redemption requests shall be given for a number of Shares. Redemption requests expressed in nominal amounts will not be processed.

A non-binding indication (or estimated range, as applicable) as to the estimated Secondary Value Dealing Price shall be made available to investors typically 30 days prior to the relevant Annual Redemption Day or as soon as practicable thereafter at the registered office of the Fund. Shareholders must be aware that such indication is an estimate only and the applicable Secondary Value Dealing Price may differ from such indication and will be determined taking into account the sale proceeds of the selected assets as well as associated cost and expenses (see "**Secondary Value Dealing Price**" below).

Where applicable, outstanding redemption orders received in connection with the Monthly Dealing Procedure will automatically be transferred to the Annual Dealing. In such situation, redeeming Shareholders may withdraw their redemption request provided that such notice is given prior to the applicable Annual Redemption Day.

In respect of each Annual Redemption Day, Net Redemptions (net of Extraordinary Acquisitions (as defined below), if any) will not be limited and all Shareholders, whose redemption requests have been accepted, shall be transacted on the Secondary Value Dealing Price as set out below.

Extraordinary Acquisition at Secondary Value Dealing Price

Investors may apply to acquire Shares at the Secondary Value Dealing Price (an "**Extraordinary Acquisition**") by submitting an application prior to 5 p.m. CET on the Annual Redemption Day. No new Shares will be issued in an Extraordinary Acquisition as Shares of redeeming Shareholders (free of any lien or security interest) will be transferred to the extent required to

subscribing Shareholders. Accordingly, Extraordinary Acquisitions are limited to the amount of redemptions as accepted for the Annual Redemption Day.

The minimum initial investment and minimum subsequent investment amounts set out in section 5.1 "**Monthly Dealing Procedure**" continue to apply.

Applications for an Extraordinary Acquisition must be given for a number of Shares. Extraordinary Acquisition applications expressed in nominal amounts will not be processed.

Current Shareholders of the Fund shall be offered a pre-emptive right to acquire shares at the Secondary Value Dealing Price and shall have priority over other Extraordinary Acquisition applications (the "**Pre-emptive Right**").

The payment of the price is due no later than on the Annual Redemption Payment Day. No interest will be paid on any early payments. Investors should note that incomplete applications and applications which are not settled by the due date may be cancelled by the Fund and any costs of cancellation passed on to the investor.

Where the Pre-emptive Right is exercised, such Extraordinary Acquisition requests shall enjoy priority over Extraordinary Acquisition requests from non-Shareholders but shall however still be subject to (i) the limit defined as the total number of Shares for which redemption requests have been accepted and, if necessary, (ii) pro-rata reduction among Shareholders exercising their Pre-emptive Right. Thereafter and if relevant all acquisition applications from non-Shareholders will be reduced pro-rata so that the total of accepted applications does not result in net Extraordinary Acquisitions. The excess amount of the applications for Extraordinary Acquisition will be cancelled.

Investors must be aware that there might be situations where Extraordinary Acquisition applications of Shareholders who were entitled to the Pre-emptive Right will be fully (or partially) transacted whilst Extraordinary Acquisition applications from non-Shareholders might, fully or partially, be cancelled.

Ordinary subscriptions at the Fund's Net Asset Value shall not be permitted as long as the Annual Dealing is applied.

Lock-Up for Acquisitions at Secondary Value Dealing Price

Shares acquired at the Secondary Value Dealing Price are non-redeemable during a period of 12 months following the applicable Annual Redemption Day (the "**Lock-Up**").

Secondary Value Dealing Price

The secondary value dealing price (the "**Secondary Value Dealing Price**") is based on the Fund's Net Asset Value, as at the Annual Redemption Day, adjusted by a spread (the "**Spread**"), if any, reflecting the expected or actual discount relative to net asset values, of prices obtained through secondary sales under the then prevailing market conditions.

The Spread (if any) shall be determined, in good faith, by the Directors, in consultation with the AIFM, and, where appropriate, third party service providers. Any potential hedging gains or losses as well as associated costs and expenses relating to the Disposal Portfolio (as defined below) shall be borne by the redeeming Shareholders.

For the purpose of determining any Spread and the Secondary Value Dealing Price, it shall be assumed that the Fund will, if it were necessary to meet redemptions realise selected assets,

including cash and Temporary Investments (if applicable), believed to fairly and reasonably represent the Funds' portfolio, in consideration of the level of redemption requests, relative to the Fund's total size (pre redemption), for such Annual Redemption Day (the "**Disposal Portfolio**").

The Directors shall, in consultation with the AIFM and on the basis of criteria such as, but not limited to, vintage year, funding level, geographical focus and quality of the assets, determine which assets may be sold to meet redemption requests, and thus serve to determine the Spread.

Where there are redemptions on the Annual Redemption Day the Secondary Value Dealing Price shall, in good faith, be determined typically within 120 days of the Annual Redemption Day (or if not practicable, as soon as practicable thereafter) (the "**Secondary Value Dealing Price Date**").

Subscribing and redeeming investors shall be notified about the Secondary Value Dealing Price within 10 days of the Secondary Value Dealing Price Date.

Net Asset Value During Annual Dealing

As long as the Annual Dealing is applied, the Fund's Net Asset Value shall continue to be calculated in accordance with section 5 "**Calculation of Net Asset Value**", provided that profits, losses and expenses that can be allocated to the Disposal Portfolio shall, by debiting or crediting, as applicable, such profits, losses and expenses, to the Disposal Portfolio, be excluded from the Fund's Net Asset Value. No subscriptions or redemptions will be transacted at the Fund's Net Asset Value during the Annual Dealing.

Return to Monthly Dealing Procedure

The Fund will return to the Monthly Dealing Procedure at the Director's assessment that the extraordinary circumstances having warranted the application of the Annual Dealing Procedure are no longer given. Shareholders shall be notified about such change as soon as reasonably practicable and this Prospectus will be updated.

More specifically, it is expected that the Annual Dealing will be replaced by the Monthly Dealing Procedure, as soon as practicable when market, economic, and Fund specific circumstances have normalised and any Spread is estimated to have decreased (i.e. Net Asset Value and Secondary Value Dealing Price have converged).

6. Calculation of Net Asset Value

The Net Asset Value per Share of the Fund shall be determined by the Administrator, in accordance with the Articles, as of close of business on the last Business Day of each calendar month (defined as the Valuation Day) by dividing the value of the assets of the Fund, including accrued income, less the amount of the liabilities of the Fund by the total number of Shares then outstanding. The Net Asset Value per Share shall be calculated to two decimal places. The Net Asset Value per Share will be calculated and available other than in extraordinary circumstances typically on the 18th Business Day of the calendar month following the applicable Valuation Day (the "**Net Asset Value Calculation Day**"). The latest Net Asset Value per Share as well as past performance information for the Fund will be available during normal office hours at the registered office of the Fund or the AIFM.

An estimated Net Asset Value per Share of the Fund will be made available to any Shareholders in Denmark who qualify as retail investors (as defined in the Directive 2014/65/EU on Markets in Financial Instruments) and who hold Class E-N (DKK), Class E-NZ (DKK), Class R-N (DKK), Class R-NZ (DKK), Class DE-N (EUR), Class DE-NZ (EUR), Class DR-N (EUR) and Class DR-

NZ (EUR) Shares. Under normal circumstances, each estimated Net Asset Value will be calculated as of close of business of the twenty-first (21st) calendar day of each calendar month and as of close of business of the last calendar day of each calendar month. Such estimated Net Asset Value will be published under normal circumstances around the following Business Day.

The Fund will adjust the most recently available Net Asset Value per Share based upon the following factors:

- (i) linear accrual of cash and payment in-kind interest of private debt instruments;
- (ii) adjustments to quoted debt instruments based on reliable broker quotations received from a reputable pricing service provider, subject to availability;
- (iii) adjustments to non-quoted debt instruments based on movements observed in respective correlated indices;
- (iv) intra-month revaluations of portfolio funds based on portfolio fund managers' reports, including the application of a rule-based expiration of fair value adjustments;
- (v) quoted market prices of directly and indirectly held publicly listed securities;
- (vi) investment related cash inflows and outflows (for example dividends, sales proceeds or capital calls and distributions for portfolio funds);
- (vii) adjustments to the valuation of investments based on pricing level information and corresponding movements observed in public capital markets, as determined in the discretion of the Fund;
- (viii) adjustments to the valuation of direct investments based on asset specific events identified through the daily monitoring that are deemed material and with significant impact on the valuation of a direct investment, as determined in the discretion of the Fund; and
- (ix) adjustments due to foreign exchange movements are made for investments denominated in a currency which is different from the currency of the respective investment vehicle.

Such estimates serve only the purpose of providing information during the period in between two months end fair valuation processes and may not be obtained or applied where relevant information is not readily available.

The AIFM is responsible for and will ensure that the valuation of the underlying Private Equity Funds, Funds of Private Equity Funds, Listed Private Equity Investments Direct Investments and Pooling Vehicles of the Fund is performed appropriately and according to fair market values. Partners Group has established valuation committees which are assessing the value of the Fund's assets. The valuation committees include inter alia the conducting officer of the AIFM in charge of valuation, members from the investment valuation services team of Partners Group (or such other name as may be given to such team in the future), the Portfolio Manager and external members. This composition is designed to ensure the robustness of valuation decisions by combining valuation expertise with full information on any relevant market insight, asset-specific circumstances or other relevant factors. To mitigate the potential conflicts of interest arising from the involvement of the Portfolio Manager in the valuation process, the conducting officer of the AIFM responsible for valuation, representing the AIFM as a voting member in the valuation

committees, holds a veto right on any valuation decision taken by the valuation committees. The AIFM valuation function is functionally independent from the portfolio management one at the level of the AIFM, with two functionally and hierarchically independent conducting officers overseeing the aforementioned functions.

The assets and liabilities of the Fund will be determined on the basis of the contribution to and withdrawals from the Fund as a result of (i) the issue and redemption of Shares; (ii) the allocation of assets, liabilities and income expenditure attributable to the Fund as a result of the operations carried out by the Fund and (iii) the payment of any expenses or distributions to holders of Shares.

In addition, the following rules shall apply:

- (1) Cash/liquidity: the value of any cash on hand or on deposit, bills and demand notices and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the Directors may consider appropriate in such case to reflect the true value thereof.
- (2) Listed investments: each security which is quoted or dealt in on a stock exchange will be valued at its latest available dealing price or the latest available mid-market quotation (being the midpoint between the latest quoted bid and offer prices) on the stock exchange which is normally the principal market for such security.
- (3) Private Equity Funds: investments in Private Equity Funds (or any Funds of Private Equity Funds) will be initially valued at fair value and thereafter by reference to the most recent net asset value as reported by the general partner or manager of the relevant investment as adjusted for subsequent net capital activity or in accordance with such accounting principles as may be adopted by the Fund from time to time.
- (4) Direct Investments other than Mezzanine Direct Investments: As these investments are illiquid and may be difficult to value, the AIFM will make its own estimation of the value of any Direct Investment held by the Fund and will typically not obtain independent valuation of such Direct Investments. The AIFM shall determine prudently and in good faith the estimated realisation value of such asset. Mezzanine Direct Investments will initially be valued at cost (face value of loan plus accrued interest, if any) and thereafter typically adjusted for any change, if any, in (i) accrued pay-in-kind interest and/or cash interest, (ii) value of warrants, and/or (iii) the value of the face value of the loans.
- (5) Other: in the event that the AIFM determine that the above valuation guidelines are not appropriate in relation to a particular asset of the Fund, then the AIFM shall determine prudently and in good faith the fair value of such asset. The Administrator is authorised to conclusively rely on such net asset valuations reported by the general partner or manager of the relevant investment, or the AIFM, as the case may be, each in connection with clauses (3) through (5) hereof.

All assets and liabilities not expressed in EUR are translated therein by reference to the market rates prevailing in the foreign exchange market at or about the time of the valuation.

In calculating the Net Asset Value and Net Asset Value per Share of each Class (the "**Net Asset Value per Share**"), the Administrator may rely upon such automatic pricing services as it shall

determine or, if so instructed by the AIFM, it may use information provided by such carefully selected particular pricing services, brokers, market makers or other intermediaries, believed to be reliable. In all circumstances, the Administrator shall not, in the absence of fraud, negligence or wilful default on the part of the Administrator, be liable for any loss suffered by the Fund or any Shareholder by reason of any error in the calculation of the Net Asset Value and Net Asset Value per Share resulting from any inaccuracy in the information provided by any such pricing service, broker, market maker or other intermediary. Furthermore, in calculating the Net Asset Value and Net Asset Value per Share, the Administrator shall rely solely on pricing information supplied by the Fund, the Fund Investments, the AIFM or any connected person approved by the Board. Investors should note that in certain circumstances including, without limitation, Private Equity Funds and Direct Investments it may not be possible or practicable for the Administrator to verify such information. In such circumstances, the Administrator shall not be liable for any loss suffered by the Fund or any Shareholder by reason of any error in the calculation of the Net Asset Value and Net Asset Value per Share resulting from any inaccuracy in the information provided by any such person.

In the event of an error in the calculation of Net Asset Value and/or in the event of a non-compliance with the applicable investment policy, the Board of Directors and/or the AIFM shall apply the CSSF Circular 24/856 on protection of investors in case of net asset value calculation error and correction of the consequences resulting from non-compliance with the investment rules applicable to undertakings for collective investment and will follow the procedures listed in this circular to correct such error and/or non-compliance.

Shareholders should note that their rights may be affected when compensation is paid in case of net asset value calculation errors and/or non-compliance with investment rules and/or other types of errors occurring at the level of the Fund when they have subscribed to the Shares through a financial intermediary. Shareholders are advised to take advice on their rights.

7. Suspension of the Calculation of the Net Asset Value

The Fund may temporarily suspend the calculation of the Net Asset Value per Share in exceptional cases where circumstances so require and provided the suspension is justified having regard to the interests of Shareholders, for example in any of the following events:

- (i) when one or more recognised markets which provides the basis for valuing a substantial portion of the assets of the Fund are closed other than for or during holidays or if dealings therein are restricted or suspended;
- (ii) when, as a result of political, economic, military or monetary events or any circumstances outside the control, responsibility or power of the Fund, disposal of assets held by the Fund is not reasonably practicable without being seriously detrimental to the interests of the Shareholders or if in the opinion of the Fund redemption prices cannot fairly be calculated;
- (iii) in the event of a breakdown of the means of communications normally used for valuing any part of the Fund or if for any reason the value of any part of the Fund may not be determined as rapidly and accurately as required; or
- (iv) if, as a result of exchange restrictions or other restrictions affecting the transfer of funds, transactions on behalf of the Fund are rendered impracticable or if purchases, sales, deposits and withdrawals of the assets of the Fund cannot be effected at the normal rates of exchange.

No issue or redemption of Shares will take place during any period when the calculation of the Net Asset Value per Share is suspended. Notice of any suspension will be given to any Shareholder tendering his Shares for redemption. If the request is not withdrawn, the redemption will take place as of the first Valuation Day following the termination of the suspension. Notice of any suspension will also be given to the Luxembourg supervisory authority as soon as practicable after the suspension took effect. Notice of the suspension will be published as required by Luxembourg law or other applicable law.

8. Investment Restrictions

The Directors have decided that the following investment restrictions shall apply to the Fund.

- (i) The Fund will not invest or commit more than 20% of its total net assets in the securities of any single Fund Investment as defined under "**Investment Objective and Policies**" at the time when such commitment or investment is made. Should these restrictions be exceeded as a result of the exercise of rights attached to investments or for any reason other than the purchase of investments (for example market or currency fluctuations), no remedial action will be required merely for these reasons.
- (ii) Other than for foreign exchange hedging purposes, if any, the Fund will not enter into derivative transactions.

Borrowing

The Fund may establish credit lines via specialized institutions, banks or affiliates of the AIFM to borrow up to 25% of the value of its assets provided this borrowing is only for the purpose of satisfying redemption requests or to balance disparities between commitments by the Fund and returns on existing investments. The assets of the Fund may be used as collateral in connection with any credit facility.

The AIFM will calculate the exposure of the Fund in accordance with the gross and commitment methods of calculating exposure and will regularly disclose that exposure to investors in the audited annual report.

The Fund will not enter into securities financing transactions or total return swaps as defined in the Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse. Should the AIFM decide to enter into securities financing transactions or total return swaps in the future, this Prospectus will be amended accordingly prior to entering into such transaction or total return swap.

9. Risk Warnings

Investment Risks in General

Since the Fund will invest in private equity investors should be aware of the associated risks and special factors of this asset class which are not related to investments in traditional listed instruments.

The Fund expects that any or all of the Private Equity Funds and Listed Private Equity Investments in which it invests may utilise highly speculative investment techniques, highly concentrated portfolios, control and non-control positions and illiquid investments. The AIFM, the Administrator nor the Directors (or any of their affiliates) will typically have the ability to direct or influence the

management of the Fund's investments. Because of the specialised nature of the Fund, an investment in the Fund may not be suitable for certain investors and, in any event, an investment in the Fund should constitute only a limited part of an investor's total portfolio.

There can be no assurance that the Fund will have any profits or that cash will be available for distribution. If the Fund receives distributions in kind from any of its investments, the Fund may incur additional costs and risks to dispose of such assets. Further, the expenses of the Fund may exceed its income. Finally, the Net Asset Value of the Fund may decrease as well as increase, and there can be no guarantee against loss resulting from an investment in the Fund.

Should the Fund's investments not develop favourably there is a risk for the investor that he may lose, in full or in part, the capital invested.

The Fund does not warrant that it will achieve its investment objectives.

Attention is drawn to the following specific risks:

Sustainability Risks

Description of the manner in which Sustainability Risks are integrated into investment decisions:

The assessment of Sustainability Risks is an essential part of the AIFM's investment decision making process, during the ownership and at the time of exit. The AIFM screens potential investments through its proprietary ESG due diligence tool which takes into account Sustainability Risks based on, amongst others, the Sustainability Accounting Standards Board's (SASB) sustainability risk factors, and produces a sustainability risk report and the UN PRI's limited partners' responsible investment due diligence questionnaire for Primary Investments and sensitivity screening for Secondary Investments. The AIFM will apply an active value-creation approach with an objective of improving the ESG profile of an Investment, when possible.

More details on the integration of Sustainability Risks into the investment decision making process by the AIFM can be found in section 2 'Investment Objective and Policies' and on the following website: <https://www.partnersgroup.com/en/about-us/our-sustainability>

Description of the results of the assessment of the likely impacts of Sustainability Risks on the returns of the Fund:

Sustainability Risks that could occur and which might potentially affect the performance of the Fund may vary from one Investment to another and no exhaustive list can be given, and these risks will also vary from time to time. However, despite the proactive approach to Sustainability Risks, it cannot be excluded that environmental, social or governance factors may affect the value of the Fund's portfolio and the returns of the Fund.

Risks arising from the Nature of the Investment in Private Equity

Private equity investments typically display uncertainties which do not exist to the same extent in other investments (e.g., listed securities). Private equity investments may be in entities which have only existed for a short time, which have little business experience, whose products do not have an established market, or which are faced with restructuring etc. Any forecast of future growth in value may therefore often be encumbered with greater uncertainties than is the case with many other investments.

Further, private equity investments are often illiquid long-term investments that do not display the

liquidity or transparency characteristics often found in other investments (e.g., listed securities). Certain investments are valued on the basis of estimated prices and therefore subject to potentially greater pricing uncertainties than listed securities.

An investment in the Fund should be thought of as a long-term investment.

Investments in Funds of Private Equity Funds and certain Listed Private Equity Investments

The Fund is permitted to invest in Private Equity Funds and Fund of Private Equity Funds established in jurisdictions where no or limited supervision is exercised on such funds by regulators. Further, the efficiency of any supervision may be affected by a lack of precision of investment and risk diversification guidelines applicable to, and the flexibility of the investment policies pursued by, such funds.

This absence of supervision at both the level of the fund of funds and the underlying funds may result in a higher risk for the Shareholders.

The specific investment policy of the Fund, which intends to also invest in Listed Private Equity Investments or Fund of Private Equity Funds, may result in a possible double or even triple charging of certain fees and expenses for the Shareholders.

Shareholders in the Fund will bear indirectly the management and advisory fees charged by the investment managers of the various Private Equity Funds, Funds of Private Equity Funds and Listed Private Equity Investments in which the Fund invests.

It is possible that, even at times when the Fund has a negative or zero performance, the Fund will, indirectly, bear performance fees levied within individual Private Equity Funds, Funds of Private Equity Funds and Listed Private Equity Investments.

The service providers of the Company will charge fees in accordance with market rates. The audit costs of the Company are expected to be around EUR 100,000 p.a., the depositary, registrar and transfer agent and administrative agent fees around 0.2% of Net Asset Value p.a. Such costs do not purport to be final and are only an estimate based on the most recent experience of the Fund.

The Fund may invest in highly leveraged companies

The Fund may invest in highly leveraged companies, i.e. in companies with a high degree of indebtedness. Investments in highly leveraged companies may be made either directly or indirectly through special purpose vehicles (which may invest in sub-investment grade companies). Companies that are highly leveraged and/or sub-investment grade have a higher risk of defaulting on their debt than companies with lower leverage and/or that are rated investment grade, due to greater exposure to adverse economic factors such as rising interest rates, reduced cash flows, fluctuations in exchange rates, inflation, downturns in the economy or deterioration in the condition of the relevant company or industry. If any of the companies in which the Fund has invested restructure or default on their debt, the Fund may not recover its investment.

The Fund may use borrowing

The Fund may use borrowing and this may have a positive or negative effect on returns.

Risks arising from the limitation on subscription and redemptions of Shares

Subscriptions and redemptions of Shares are subject to various restrictions as may be imposed by the Directors and may even be suspended or deferred under certain circumstances as more

particularly set out under the section 5 "How to Deal". In extraordinary circumstances, redemptions and subscriptions may be limited to the Annual Dealing as set out in section 4.2.

Risk arising from net subscriptions and net redemptions

The Fund will both issue new Shares and redeem existing ones during its lifetime. Although the simultaneous issue and redemption will have a neutralising effect and the net issue and/or net redemption is restricted (i) a net issue has the effect of reducing the investment level which changes the risk/return profile of the Fund and/or (ii) a net redemption may have the effect that assets of the Fund have to be liquidated causing a change in the investment level and the risk/return profile.

Risks concerning redemption amendments

In the event a Shareholder wishes to benefit of the right to be able to reduce any redemption request, it must (i) meet the definition of a Feeder Fund, and (ii) apply to the Fund in writing by providing a pre-application form setting out the operational reasons for the Feeder Fund requesting such right, along with a trading plan setting out the expected frequency to make use of this right. The Fund, having due regard to the interest of the Fund and the Shareholders as a whole, shall have full discretion to accept or refuse such a request, including to the extent such request triggers additional operational burden on the Fund and its service providers. As a result, it is possible that Shareholders will not be able to amend their redemption request.

Conflicts of Interest

Situations may occur where the Fund, the AIFM, and/or the Administrator (including their directors, officers, employees) encounter conflicts of interest. In particular the AIFM and the Administrator do not perform their services exclusively for the Fund, but also for other third parties whose interests might conflict with those of the investors of the Fund.

Investors should be aware that the AIFM (or its affiliates) may form investment vehicles that focus on particular market segments, typically where access to investment opportunities is relatively scarce, such vehicles have priority in relation to investment opportunities within their investment focus, and are generally guaranteed to receive at least a pre-defined minimum percentage of opportunities within their investment parameters.

The Fund has invested a portion of its assets in a listed private equity investment fund (the "**Access Fund**"), which is managed by Partner Group AG. The Access Fund in turn may invest in the securities of Partners Group Holding AG, the parent of Partner Group AG. The Fund's investment in the Access Fund may or may not result in a benefit to Partners Group Holding AG based on the Access Fund's increased investment in Partners Group Holding AG which would not otherwise exist if the Fund could not make such investment, thus, creating an incentive for the AIFM to maximise the investment by the Fund in the Access Fund.

A copy of the conflicts of interest policy adopted by the AIFM with respect to the Fund and any additional information about conflicts of interest relating to the Fund including the entities involved in its management, administration or the safekeeping of its assets is available upon request at the registered office of the Fund and of the AIFM.

The conflicts of interest which have been identified during a financial year (if any) will be described in the Fund's annual audited financial statements.

Potential conflicts of interest may also arise out of integration of Sustainability Risks into Partners Group's processes, systems and internal controls. Those conflicts of interest may include conflicts

arising from remuneration or personal transactions of staff involved into the investment-decision process, conflicts of interest that could give rise to greenwashing, mis-selling or misrepresentation of investment strategies and conflicts of interest between different investment vehicles managed by Partners Group.

The Fund's performance is dependent on the experience and network of its AIFM

The Fund does not currently have any employees and does not own any facilities. The Fund has appointed the AIFM to provide certain services to assist with the portfolio management of the Fund's investments. Under the Master Alternative Investment Fund Management Agreement the AIFM is responsible for, amongst other things, selecting, acquiring and disposing of investments and carrying out financing and cash management services. As a result, the Fund's performance is dependent on the experience and network of the AIFM, its affiliates and their respective directors, officers and employees. If the AIFM was to cease to provide services under the Master Alternative Investment Fund Management Agreement for any reason, and no suitable replacement were to be found, the Fund could experience difficulty in making new and/or in managing its existing investments, its business and prospects may be materially harmed and its results of operations and financial condition would be likely to suffer materially.

Hedging Risk

The Fund and certain of the underlying private equity funds may invest in derivatives in certain circumstances for hedging purposes (e.g., currency hedging). The use of derivatives in this way involves additional costs and expenses, as well as certain special risks, including: dependence on the Fund's or the relevant private equity fund's ability to predict movements in the value of investments being hedged and movements in interest rates and exchange rates, as well as the ability to time the implementation or the dissolution of hedging transactions; imperfect correlation between the hedging instrument and the investments, securities or market sectors being hedged.

Risks Relating to Accounting, Auditing and Financial Reporting, etc.

Standards regarding publicity, accounting, auditing, reporting and legal conditions may be less stringent in countries where certain investments are acquired. This means that the reported value of such investments may deviate from that which would be reported in countries with more stringent standards.

Political, Regulatory, Exchange Rate and Currency Risk

The Fund expects its investments to be made in a number of different countries, including less developed countries, and be denominated in a number of different currencies. Any returns on, and the value of, such underlying investments may, therefore, be materially affected by exchange rate fluctuations, local exchange control, limited liquidity of the relevant foreign exchange markets and other restrictions, including restrictions on the repatriation of such returns, the convertibility of the currencies in question and also by political and economic developments in the relevant countries, such as, but not limited to, nationalization, expropriation, confiscatory taxation, social or political instability, military conflicts, terrorist attacks or governmental restrictions.

Performance Fee Risk

The existence of the AIFM's performance fee may create an incentive for the AIFM to advise more speculative investments to the Fund than it would otherwise make in the absence of such performance-based arrangements.

Moreover, the AIFM will be entitled to receive a performance fee under the Master Alternative Investment Fund Management Agreement based on the realised value of each of the Fund's Direct Investments and Secondary Investments, on a deal-by-deal basis, in respect of which the

Fund achieves an IRR of at least 8%. This fee will be payable in respect of each such investment (if any) irrespective of the overall performance of the Fund's investments in aggregate or the period over which any particular shareholder has held Shares. Thus, in certain circumstances, the AIFM could be entitled to receive performance fees despite a decline in the value of the Shares and/or the Fund's net asset value over any particular period. This could induce the AIFM to take greater risks in order to increase the likelihood of obtaining a performance fee.

Settlement Risks

The Fund will regularly make investments which are settled outside of established clearing systems. For example (i) investments made in non-listed companies, (ii) investments which are only based on agreements and for which the investor has no security as proof of the investment, or (iii) investments in securities where the delivery of securities does not occur at the same time as payment of the purchase price. Moreover the settlement of investments or dividends and/or realisations may be more difficult or become impossible because of circumstances which are not in the power of the Fund (technical problems, sovereign restrictions, acts of God etc.).

Risk in relation to the Commitment Strategy

In light of the impact of the gap between commitments, investments and distributions on cash flows in relation to private equity investments, the Fund intends to "over-commit" itself pursuant to the Commitment Strategy. The Fund aims to invest substantially all of the net proceeds of the issue of Shares as soon as reasonably practicable through its Commitment Strategy. The level of over-commitment will be determined in light of anticipated cash outflows of the portfolio (draw-downs, redemptions) and anticipated cash inflows (distributions, subscriptions). The Fund will seek to balance the advantages and risks of the Commitment Strategy by adopting a number of risk control and other measures pursuant to the Investment Objective and Policies. There can be no assurance that any or all of these measures will be sufficient to meet the obligations of the Fund arising as a result of the Commitment Strategy nor that the Fund will be able to otherwise successfully implement its Commitment Strategy.

Multiple Levels of Expense

In addition to the considerations set out above, it should be noted that both the Fund and the underlying Private Equity Funds, Funds of Private Equity Funds and Listed Private Equity Investments may impose management and/or administrative costs, expenses and performance allocations. This will result in greater expense than if such fees were not charged. Any investor in the Fund must be aware that the Management Fee will also be paid in case the Fund's investments perform negatively.

All rebates and benefits the Fund will be able to negotiate with underlying Private Equity Funds or Funds of Private Equity Funds concerning fees will directly accrue within the Fund and therefore benefit the Shareholder.

In connection with investments in Pooling Vehicles the Fund will either (i) obtain a waiver of the management charges otherwise applicable by these funds or (ii) fully or partially waive or rebate the investment advisory fees at the level of the Fund for those investments. No subscription or redemption charges will be levied by those Pooling Vehicles in connection with transactions with the Fund.

Re-underwriting of Assets

The AIFM and its affiliates provide investment management services to Partners Group Clients, which include other investment funds and proprietary accounts in which the Fund will not have an interest.. The Fund may participate in transactions that, based on selection criteria such as

industry dynamics, a long-term business plan, value creation potential and maturity estimates, are expected to be suited for longer-term holding periods compared to traditional buyouts, as determined by the AIFM or its affiliates; with the partial or complete acquisition or sale of an investment by the Fund involving Partners Group Clients. In such transactions the Fund may, if the AIFM and its affiliates determine it is in the Funds' best interest to do so, (i) sell all or a portion of a current Investment to purchasers that may include Partners Group Clients; (ii) purchase all or a portion of an investment from one or more Partners Group Clients; or (iii) participate on either side of the transaction by both selling a portion of an investment while retaining or repurchasing a different portion of the same underlying investment (hereinafter referred to as "**Re-underwriting of Assets**"). In such transactions, the AIFM and its affiliates will prioritize extending Partners Group Clients' and/or the Fund's existing exposure to the relevant investment, as the case may be, assuming the AIFM and its affiliates have determined it is in the best interests of such investors to do so and that investment vehicles directly or indirectly controlled by the AIFM and/or its affiliates possess significant governance rights in the relevant underlying asset before and after the Re-underwriting of Assets, before allocating to new investors or adding to such existing exposure(s). Conflicts may arise in determining the amount of an investment and/or divestment, if any, to be allocated among Partners Group Clients and the Fund in a Re-underwriting of Assets and the respective terms thereof, and there can be no assurance that any portion of such investment/divestment opportunity will be allocated to the Fund.

The AIFM and its affiliates will only involve the Fund in a Re-underwriting of Assets transaction where it aligns with the Fund's best interests. When determining the Fund's best interests within the context of a Re-underwriting of Assets, the AIFM and its affiliates will consider the totality of circumstances of the transaction, including e.g., the Fund's investment objectives and time horizon, offered terms from third-party purchasers/sellers of the Investment, and any other transaction specific factors (e.g., tax and legal considerations and the participation of Partners Group Clients) that influence the possible outcomes of the transaction vis-a-vis the Fund. There can be no assurance that the return of the Fund on a particular investment that is subject to a Re-underwriting of Assets will be equivalent to or better than the returns obtained by Partners Group Clients participating in the transaction or holding such investment. Furthermore, a conflict may arise in such Re-underwriting of Assets because Partners Group Clients may be acting on the other side of the Fund and the AIFM and its affiliates may control the investment prior to and after the Re-underwriting of Assets. The AIFM and its affiliates have established rule-based procedures designed to ensure all involved clients' interests are fairly and equitably addressed through their participation in a given Re-underwriting of Assets; for example, the AIFM and its affiliates will for each Re-underwriting of Assets transaction ensure arm's length pricing in accordance with the requirements of applicable regulations. Investors in the Fund should note that there can be no assurance that the resolution of any conflict will result in circumstances that favour the Fund, and each investor in the Fund acknowledges and agrees that in some instances, a decision by the AIFM and its affiliates to take a particular action could have the effect of benefiting Partners Group Clients (and may also have the effect of benefiting the AIFM and its affiliates).

Holding and disposal of Investments

Investments owned by the Fund may also be allocated by Partners Group to Partners Group Clients and such investments would therefore be owned by Partners Group Clients. Such Partners Group Clients may have different investment objectives and strategies which will include the expected time frame for the ownership, holding and eventual disposal of such investments. It is likely that the AIFM and/or their affiliates may decide to dispose some of the investments owned by the Fund and Partners Group Clients at the same time and on the same terms and conditions; however, in certain circumstances (for example, but not limited to, the potential listing of an

investment on a stock market) it is possible that the Fund may seek to dispose of an investment at a different time (either earlier or later) than Partners Group Clients.

10. Fees and Expenses of the Fund

The following fees will be paid out of the assets of the Fund and shall be included in the annual report of the Fund.

Management Fee

The AIFM will be paid by the Fund a fee (the "**Management Fee**") calculated net of any Luxembourg withholding or other taxes and paid quarterly in arrears based on the respective rate for the given Class multiplied by the greater of (i) the Fund's Net Asset Value, attributable to such Class, or (ii) the Fund's Net Asset Value less cash and cash equivalents plus the total of all commitments made by the Fund but not yet drawn for investment, attributable to such Class. The level of the above-mentioned fee will be disclosed in the annual and half-yearly reports of the Fund.

The respective rates for the Classes are as follows:

In connection with the Annual Dealing, the Disposal Portfolio (including relevant undrawn commitments) will be excluded for the purpose of calculating the Management Fee with effect from the first Business Day following the Annual Redemption Day for non-redeeming Shareholders. Management Fee relating to the Disposal Portfolio shall be borne by the redeeming Shareholders, with effect from the first Business Day following the Annual Redemption Day.

The AIFM and/or its affiliates may be entitled to receive cash topping, break-up, monitoring, directors', organizational, set-up, advisory, investment banking, syndication and other similar fees in connection with the purchase, monitoring or disposition of Fund Investments or from unconsummated transactions (the "**Transaction Fees**"). Transaction Fees shall exclude any other fees payable by the Fund provided in this Prospectus. Save as otherwise provided for in the following sentence, any Transaction Fees may be retained by the Portfolio Manager and will not be offset against the applicable Management Fee. Any Transaction Fees in respect of the following classes only will be offset against the applicable Management Fee: Class A (GBP), Class A-N (GBP), Class D (GBP), Class DE-N (EUR), Class DR-N (EUR), Class E (EUR), Class E (CHF), Class E (GBP), Class E (JPY), Class E (SEK), Class E (USD), Class E-N (EUR), Class E-N (CHF), Class E-N (GBP), Class E-N (JPY), Class E-N (SEK), Class E-N (USD), Class E-N (DKK), Class I (EUR), Class I (AUD), Class I (JPY), Class I (USD), Class I-N (AUD), Class I-N (AUD), Class PG (KRW), Class R (EUR), Class R (CHF), Class R (SEK), Class R (USD), Class R-N (EUR), Class R-N (CHF), Class R-N (JPY), Class R-N (SEK), Class R-N (USD), Class R-N (DKK), Class T (CHF), Class T (EUR), Class T (USD), Class T-N (CHF), Class T-N (EUR), and Class T-N (USD).

Performance Fee

In addition, the AIFM is entitled to a performance fee as set forth below (the "**Performance Fee**"):

The Performance Fee shall be calculated and paid in respect of each Direct Investment and in respect of each Secondary Investment (i.e. on a deal-by-deal basis), whether or not such investments are made through any Pooling Vehicle.

For all classes except Class T Shares, Class T-N Shares and Class PG (KRW) Shares, the Performance Fee in respect of Direct Investments and Secondary Investments shall be determined in the currency of the respective transaction as provided in clauses (i) to (iii) below, save that the Performance Fee in respect of Secondary Investments shall be determined using a

rate of 10%, and the Performance Fee in respect of Direct Debt Investments invested after 1 October 2018 which are not Mezzanine Direct Investments shall be determined using a rate of 10% and the Preferred Return rate shall be 4% per annum, compounded annually.

Class T Shares and Class T-N Shares shall only be subject to 50% of otherwise allocated Performance Fees.

Class PG (KRW) Shares shall not be subject to any of the allocated Performance Fees.

The Performance Fee in respect of each Direct Investment shall be calculated as follows:

- (i) First, 100% of all distributions (being all amounts whether of an income or capital nature) derived from the relevant Direct Investment ("**Relevant Distributions**") shall be retained by the Fund until it has received Relevant Distributions equal to:
 - (a) the acquisition cost in respect of the relevant Direct Investment; plus
 - (b) an amount (the "**Preferred Return**") calculated at the rate of 8% per annum compounded annually on the amount outstanding in respect of the relevant Direct Investment from time to time (i.e. zero or acquisition cost less Relevant Distributions, whichever is greater), taking into account the timing of the relevant cash flows;
- (ii) Second, a Performance Fee equal to 100% of further Relevant Distributions received by the Fund shall be due and payable to the AIFM until such time as the AIFM has received 15% of the sum of the Preferred Return under paragraph (i)(b) and the Performance Fee due and payable to the AIFM under this paragraph (ii); and
- (iii) Third, an additional Performance Fee equal to 15% of further Relevant Distributions shall be due and payable to the AIFM.

No Performance Fee will be payable in respect of any Investments of the Fund other than for Direct Investments and Secondary Investments.

In connection with the Annual Dealing, the Disposal Portfolio (including relevant undrawn commitments) will be excluded for the purpose of calculating the Performance Fee with effect from the first Business Day following the Annual Redemption Day for non-redeeming Shareholders. Performance Fee relating to the Disposal Portfolio shall be borne by the redeeming Shareholders, with effect from the first Business Day following the Annual Redemption Day.

In remuneration for its services to the Fund, the Registrar and Transfer Agent is entitled to a

Registrar and Transfer Agent Fee payable out of the assets of the Fund. The Registrar and Transfer Agent Fee is included as part of the Service Fees of, with the estimated maximum Service Fees set out in the Prospectus and may be subject to review by the Registrar and Transfer Agent and by the Fund (in close cooperation with the AIFM) from time to time. The Registrar and Transfer Agent may be entitled under the relevant Agreement to obtain reimbursement from the Fund of certain reasonable and duly documented expenses. The amounts paid to the Registrar and Transfer Agent will be shown in the Fund's financial statements.

Depositary Fee

In remuneration for its services to the Fund, the Depositary and Paying Agent are entitled to a Depositary Fee payable out of the assets of the Fund. The Depositary Fee is included as part of the Service Fees, with the estimated maximum Service Fees set out in the Prospectus being subject to review by the Depositary and Paying Agent and by the Fund (in close cooperation with the AIFM) from time to time. The Depositary and Paying Agent may be entitled under the depositary agreement to obtain reimbursement from the Fund of certain reasonable and duly documented expenses. The amounts paid to the Depositary and Paying Agent will be shown in the Fund's financial statements.

Service Fees

The Service Fees (per annum) are payable quarterly out of the assets of the Fund and shall not exceed 10 bps per annum of the Net Asset Value of the Fund. The maximum Service Fees disclosed represents an estimate of the maximum costs as at July 2024. The Service Fees may be subject to review by the relevant Fund's service provider and the Fund (in close cooperation with the AIFM) from time to time.

11. Other Expenses

The AIFM and other appointees of the Fund are entitled to recover out of the assets of the Fund reasonable costs and expenses which, in the good faith judgment of the AIFM, are incurred in the operation of the Fund, including, but not limited to those set out in this section.

11.1. Operating and Administrative Expenses

The Fund bears all costs and expenses incurred in the operation and administration of the Fund or a Share Class (the "**Operating and Administrative Expenses**") including but not limited to costs and expenses incurred in connection with:

- (a) preparing, producing, printing, depositing, publishing, translating and/or distributing any documents relating to the Fund or Share Class that are required by applicable laws and regulations (such as the Articles, this Prospectus, financial reports and notices to Shareholders) or any other documents and materials made available to Shareholders or prospective Shareholders (such as explanatory memoranda, statements, reports, factsheets and similar documents);
- (b) corporate secretarial services in connection with the Fund or Investment Holding Vehicle, including, but not limited to, organising and holding general meetings of Shareholders and preparing, printing, publishing and/or distributing notices and other communications to Shareholders;
- (c) professional advisory services (such legal, tax, accounting, compliance, auditing,

marketing and other advisory services) taken by the Fund or the AIFM on behalf of the Fund or in connection with the Fund, any Investment, Temporary Investment or Investment Holding Vehicle;

- (d) investment services taken and/or data obtained by the Fund or the AIFM on behalf of the Fund (including fees and expenses incurred in obtaining investment research, systems and other services or data utilised for portfolio and risk management purposes);
- (e) the authorisation of the Fund and Share Classes, regulatory compliance obligations and reporting requirements of the Fund (such as administrative fees, filing fees, fees and expenses in connection with the oversight of service providers, "customer due diligence", insurance costs and other types of fees and expenses incurred in the course of regulatory compliance), and all types of insurance obtained on behalf of the Fund and/or the members of the Board of Directors;
- (f) initial and ongoing obligations relating to the registration and/or listing of the Fund or Share Class and the distribution of Shares in Luxembourg and abroad (such as fees charged by and expenses payable to financial regulators, distributors/sub-distributors, correspondent banks, representatives, listing agents, paying agents, fund platforms, and other agents and/or service providers appointed in this context, as well as advisory, legal, and translation costs);
- (g) the use of specific technology and services facilitating the subscriptions in the Fund or a Share Class (including fees and expenses of any distribution platform or network), expenses relating to investor reporting, online subscriptions and licenses (e.g., relating to administration, reporting and valuation requirements); the preparation of sales materials; the preparation and creation of online content including webinars, videos and other promotional content and website design and maintenance;
- (h) the determination and publication of tax factors for the EU or European Economic Area member states and/or any other countries where distribution licences and/or private placements exist, according to the actual expenditure incurred at market rates;
- (i) insurances taken out for the protection or benefit of the Fund and a covered persons;
- (j) memberships or services provided by international organisations or industry bodies such as the Association of the Luxembourg Fund Industry;
- (k) taxes, charges and duties payable to governments and local authorities (including the Luxembourg annual subscription tax (taxe d'abonnement) and any other taxes payable on assets, income or expenses) and any value added tax (VAT) or similar tax associated with any fees and expenses paid by the Fund;
- (l) any interest on and fees and expenses related to or arising from any borrowing, guarantee or hedging activities in connection with the Fund / Sub-Fund, any Investment, Temporary Investment or Investment Holding Vehicle;
- (m) the reorganisation or liquidation of the Fund or Share Class;
- (n) carrying out marketing and public relations activities which promote or otherwise benefit the Fund, including but not limited to organizing, sponsoring, attending or otherwise

participating in marketing events, seminars, webinars and/ or industry events, including any travel, lodgings, entertainment and other costs and expenses of the Portfolio Manager (or any affiliate thereof) personnel in connection with such activities; and

- (o) any fees, costs and expenses that the Board of Directors reasonably determines in good faith not to be an undue fee, cost and expense to be borne by the Fund.

Additional Operating and Administrative Expenses may be borne by a specific Share Class. Charges that are not specifically attributable to particular Share Classes may be allocated among the relevant Share Classes based on their respective net assets or any other reasonable basis given the nature of the charges as determined by the Administrator in accordance with instructions or guidelines from the Fund.

The AIFM may agree with the Fund to bear and/or advance certain Operating and Administrative Expenses in respect of the Fund for a specific period of time in its sole discretion and may decide to fully or partially recharge these Operating and Administrative Expenses to the Fund rateably over a specific period or at once.

11.2. Transaction and investment related costs and expenses

The Fund bears all costs and expenses arising in connection with the sourcing, assessing, acquiring, holding, managing, administering, processing, monitoring and/ or selling of portfolio assets (including any actual or potential Investments), whether or not consummated, and entering into other transactions in securities or other financial instruments, including, but not limited to:

- (a) all costs and expenses associated with the sourcing/introduction, assessment, negotiation, execution, evaluation, acquisition, structuring, financing, refinancing, hedging, holding, management, disposition, realization, valuation and monitoring of Investments and prospective investments, whether or not consummated, including, but not limited to, travel and lodgings (in accordance with the AIFM or its affiliates' travel policy, as updated from time to time), hosting or attending industry conferences or events, lodging and meals relating thereto, and third party service provider and other consultant or advisory services relating to economic research, market segment research, compliance with AML/ KYC Regulations or best practices, commercial, legal and tax due diligence);
- (b) brokerage fees and commissions and all other fees, expenses, commissions, charges, premiums and interest paid to banks, brokers, execution agents or, securities lending agents and/or incurred in participating in any securities lending, repurchase and buy-sell back programs, collateral management fees and associated costs and charges, data tracking, exchange fees, taxes, levies and stamp duties chargeable in connection with transactions in securities or other financial instruments;
- (c) all costs and expenses arising from establishing, acquiring, holding, monitoring, administering and divesting, directly or indirectly, any Investment Holding Vehicle or investments;
- (d) the cost of insuring any Investments, Investment Holding Vehicle or the board of directors of any Investment Holding Vehicle;
- (e) any Downstream Internal Service Costs; and

- (f) any other transaction-related costs and expenses, including costs and expenses relating to prospective investments (whether or not consummated) and “broken deal expenses”,
- (g) to the extent that such costs and expenses are not directly borne from Such Investment Holding Vehicle, Investment or potential Investments own operating revenue.

11.3. Extraordinary costs and expenses

In order to safeguard the interests of the Fund and its Shareholders, the Fund may bear any extraordinary costs and expenses including, without limitation, costs and expenses related to litigation and regulatory investigations (including penalties, fines, damages and indemnifications) and the full amount of any tax, levy, duty or similar charge imposed on the Fund that would not be considered as ordinary Operating and Administrative Expenses.

11.4. Multiple layers of expenses

In addition to the considerations set out above, it should be noted that the Fund, Any Investment Holding Vehicle or any Investment may impose or incur certain costs, fees, expenses and other charges (including, but not limited to, management and/or administrative costs, expenses and performance fees or allocations). This will result in greater expense than if such fees were not charged.

All rebates and benefits the Fund will be able to negotiate with underlying Private Equity Funds or Funds of Private Equity Funds with target funds concerning fees will directly accrue within the Fund and therefore benefit the Shareholders of the Fund.

In connection with Investments in Investment Holding Vehicles or the Fund may obtain a waiver of the management charges, performance fees and any other charges (if applicable) otherwise applicable by such Investment Holding Vehicles.

The Shareholders acknowledge and agree that the AIFM or its affiliates may enter into separate arrangements with Shareholders and in connection with the payment of expenses.

12. Distribution Policy

Accumulating Classes

With regards to all accumulating Class of Shares, all income and realised capital gains (less any realised capital losses) attributed to such Classes will be reinvested and reflected within the Net Asset Value per Share of such Classes.

Distributing Classes

With regards to all Distributing Share Classes, the Directors shall determine, on each Distribution Date, in its sole discretion whether and to what extent income and realised capital gains (less any realised capital losses) attributed to such Classes ("**Distributable Net Income**") should be distributed to Shareholders.

It is currently intended that Distributable Net Income will be automatically reinvested in the Fund, although Shareholders may opt out to receive annual distributions in cash (as applicable). See “Distribution reinvestment plan” below.

Distribution reinvestment plan

The Fund has adopted an “opt out” distribution reinvestment plan (the “**DRIP**”). Shareholders of Distributing Shares that wish to participate in the DRIP will not be required to take any action. Under the DRIP, the amount of any proposed Distributable Net Income, which would otherwise be payable to a Shareholder of Distributing Shares participating in the DRIP, will be automatically used to purchase Shares of the same Class of Distributing Shares at the prevailing Net Asset Value per Share of such Class of the Fund. With respect to Shareholders who “opt out” of the DRIP, to the extent the Directors determine to cause the Fund to make distributions, the Fund will make a distribution proportional to such Shareholder’s pro-rata share of the relevant Distributing Share Class less amounts retained to pay fees, expenses and fund reserves, all as determined in the reasonable discretion of the Directors as of the Distribution Date.

If a Shareholder of Distributing Shares elects to opt out of the DRIP, it will receive any distribution amounts that the Directors determine to cause the Fund to make in cash. For example, if the Fund authorizes and declares Distributable Net Income, then unless the Shareholder has “opted-out” of the DRIP, it will have its cash distributions reinvested in additional Shares of the same Class, rather than receiving the cash distributions. The Fund expects to coordinate Distribution Dates so that the reinvestments of Distributable Net Income are made at a Net Asset Value per Share calculated as of the Distribution Date or the Valuation Point immediately preceding such Distribution Date. Distributing Class and accumulating Class of Shares will have the same voting rights. Shareholders may only elect to “opt in or out” of the DRIP once each calendar year.

Notwithstanding anything of the foregoing, the Directors, may reject, suspend or terminate any Shareholder request to “opt out” from the DRIP, if they consider it in the best interest of the Fund.

The Fund reserves the right to amend, suspend or terminate the DRIP. Shareholders of Distributing Shares may, subject to the approval of the AIFM, opt out under the DRIP by notifying the appointed Administrator, Registrar and Transfer Agent.

13. Taxation in Luxembourg

The following information is based on the laws, regulations, decisions and practice currently in force and is subject to changes therein, possibly with retrospective effect. This summary does not purport to be a comprehensive description of all Luxembourg tax laws and Luxembourg tax considerations that may be relevant to a decision to invest in, own, hold, or dispose of shares and is not intended as tax advice to any particular investor or potential investor. Prospective investors should consult their own professional advisers as to the implications of buying, holding or disposing of Shares and to the provisions of the laws of the jurisdiction in which they are subject to tax.

This summary does not describe any tax consequences arising under the laws of any state, locality or other taxing jurisdiction other than Luxembourg.

The Fund

Under current law and practice, the Fund is not liable to any Luxembourg income tax or net wealth tax, nor are dividends paid by the Fund liable to any Luxembourg withholding tax. The Fund is, however, liable in Luxembourg to a subscription tax (*taxe d'abonnement*) at a rate of 0.05% per annum of its net assets, such tax being payable quarterly and calculated on the basis of the total net assets of the Fund at the end of the relevant quarter. Where a Class only includes institutional investors as defined in the applicable legislation, the Fund may benefit from a reduced tax rate of 0.01% per annum for such Class. However, no guarantee can be given that the Fund will be able

to benefit from such reduced tax rate. No stamp duty or other tax is levied on the assets of the Fund invested in other Luxembourg undertakings for collective investment. No stamp or other tax will be payable in Luxembourg on the issue of the Shares of the Fund.

Under current law and practice, no other tax is payable in Luxembourg on realised or unrealised capital appreciation of the assets of the Fund.

Income and gains, if any, received or realised by the Fund from investments may be liable to taxation in the country where the source of such income and gains is located at varying rates, which normally cannot be recovered.

EU Tax Considerations

Common Reporting Standard

The OECD has developed the Common Reporting Standard ("**CRS**") which aims at implementing automatic exchange of financial account information among participating countries. On 9 December 2014, Council Directive 2014/107/EU amending Directive 2011/16/EU ("**DAC 2**") was adopted in order to implement the CRS among the EU Member States. DAC 2 was implemented into Luxembourg law by the law of 18 December 2015 ("**CRS Law**").

The CRS Law requires Luxembourg financial institutions to identify financial account holders and to determine whether they are tax resident in an EU Member State and/or a country with which Luxembourg has an exchange of information agreement (a CRS Participation Jurisdiction). Luxembourg financial institutions will need to report financial account information of such account holders to the Luxembourg tax authorities which will remit such information to the competent foreign tax authorities of the other country (or countries) of which the account holder is a tax resident.

It is the intention of the Fund to procure that it is treated as complying with the requirements that the CRS Law places upon it. However, no assurance can be provided that the Fund will be able to comply with the CRS Law and, in the event that it is not able to do so, it could be exposed to fines which may reduce the amounts available to it to make payments to its account holders. Account holders will be required to provide certain information to the Fund to comply with the reporting obligations under the CRS Law. To ensure compliance with the CRS debt Law in accordance with the foregoing, it may:

- a) request information or documentation, including self-certification forms, a tax identification number (if applicable), or any other relevant information in order to ascertain such account holder's status; and
- b) report information concerning an account holder and its account holding in the Fund to the Luxembourg tax authorities if such account holder is a reportable accountholder under the CRS Law.

Account holders should contact their own tax advisers regarding the application of the CRS Law to their particular circumstances and their investment in the Fund. Furthermore, account holders should inform the Fund about any relevant change of circumstances for CRS purposes (i.e. change of tax residency, CRS classification, etc.).

US Laws relating to Certain Foreign Accounts

The Foreign Account Tax Compliance Act ("**FATCA**"), a portion of the 2010 Hiring Incentives to Restore Employment Act, became law in the United States in 2010. It requires financial institutions outside the United States ("**FFIs**") to pass information about "**Financial Accounts**" held by "**Specified US Persons**", directly or indirectly, to the United States tax authorities, the Internal Revenue Service ("**IRS**") on an annual basis. A 30% withholding tax is imposed on certain United States source income of any FFI that fails to comply with this requirement. On 28 March 2014, the Grand Duchy of Luxembourg entered into a Model 1 Intergovernmental Agreement ("**IGA**") with the United States and a memorandum of understanding in respect thereof. The Fund would hence have to comply with such Luxembourg IGA, once the IGA has been implemented into Luxembourg law in order to comply with the provisions of FATCA rather than directly complying with the United States Treasury Regulations implementing FATCA. Under the IGA, the Fund may be required to collect information aiming to identify its direct and indirect shareholders that are Specified US Persons for FATCA purposes ("**Reportable Accounts**"). Any such information on Reportable Accounts provided to the Fund will be shared with the Luxembourg tax authorities which will exchange that information on an automatic basis with the Government of the United States pursuant to Article 28 of the convention between the Government of the United States and the Government of the Grand Duchy of Luxembourg for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes in Income and Capital, entered into in Luxembourg on 3 April 1996. The Fund intends to comply with the provisions of the Luxembourg IGA to be deemed compliant with FATCA and will thus not be subject to the 30% withholding tax with respect to its share of any such payments attributable to actual and deemed United States investments of the Fund. The Fund will continually assess the extent of the requirements that FATCA and notably the Luxembourg IGA places upon it. As from the date of signature of the Luxembourg IGA and until the Grand Duchy of Luxembourg has implemented the national procedure necessary for the entry into force of the IGA, the United States Department of Treasury will treat the Fund as complying with and not subject to the FATCA Withholding.

To ensure the Fund's compliance with FATCA and the Luxembourg IGA in accordance with the foregoing, the Fund, may:

- a) request information or documentation, including W-8 tax forms, a Global Intermediary Identification Number, if applicable, or any other valid evidence of a shareholder's FATCA registration with the IRS or a corresponding exemption, in order to ascertain such shareholder's FATCA status;
- b) report information concerning a shareholder and his account holding in the Fund to the Luxembourg tax authorities if such account is deemed a United States reportable account under the Luxembourg IGA;
- c) deduct applicable United States withholding taxes from certain payments made to a shareholder by or on behalf of the Fund in accordance with FATCA and the Luxembourg IGA; and
- d) divulge any such personal information to any immediate payor of certain United States source income as may be required for withholding and reporting to occur with respect to the payment of such income.

14. Management and Administration of the Fund

The Directors are responsible for the overall management and administration of the Fund and for its overall investment policy. They have appointed the AIFM to perform the day-to-day portfolio and risk management of the Fund in accordance with the Articles, this Prospectus and the Master Alternative Investment Fund Management Agreement.

15. The AIFM

Partners Group (Luxembourg) S.A. has been appointed as the alternative investment fund manager of the Fund within the meaning of the 2013 Law and the AIFMD. The AIFM is authorised and regulated by the *Commission de Surveillance du Secteur Financier* (the "CSSF") in Luxembourg and is responsible for the portfolio and risk management of the Fund.

The AIFM will ensure the fair treatment of the Fund's Shareholders principally by ensuring adherence to Partners Group's relevant group-wide policies. For instance, by ensuring that the Fund obtains access to a fair share of the investments sourced by Partners Group's network, that conflicts of interest are identified and appropriately managed, and that risks are properly identified, monitored and managed. In addition, the AIFM will ensure that the investment strategy, risk profile and activities of the Fund are consistent with its objectives and this Prospectus.

The AIFM has delegated the performance of certain tasks in accordance with applicable laws and regulations and as per the requirements of Article 18 (1) a) of the 2013 Law, to other Partners Group entities. Specifically, legal and tax services, accounting services, regulatory compliance monitoring, record keeping, investor and regulatory reporting and activities related to the assets of the AIFs, will be provided by Partners Group AG, a Swiss Fund authorised by FINMA as an asset manager of collective investment schemes.

The AIFM has further delegated the portfolio management function of the Fund to Partners Group AG (the "**Portfolio Manager**") in accordance with the applicable requirements under the 2013 Law. The Portfolio Manager is notably responsible for taking investment decisions in relation to the acquisition, management, realization and re-investment of the assets of the Fund, as the Portfolio Manager deems appropriate, always in accordance with the investment strategy and restrictions set forth in this Prospectus.

The AIFM is in charge of the risk management function of the Fund in accordance with the applicable requirements under the 2013 Law.

The AIFM's delegates are members of the same corporate group as the AIFM, which means that certain conflicts of interest may arise. Partners Group seeks to manage actual or potential conflicts of interest appropriately and fairly. Primarily, Partners Group mitigates conflicts arising from such arrangements by separating the management and reporting lines of the staff and entities involved. For instance, the directors of the AIFM and the delegate are different, and those directors are aware of the fiduciary duties owed to their individual companies and of their regulatory obligations. This ensures that each entity is managed separately, in accordance with its obligation and in the interests of investors. Further, where applicable, the AIFM's delegates have an obligation to perform their roles in accordance with local law. This ensures that, regardless of their relationship with the AIFM, those delegates must meet certain standards in the performance of their roles. Partners Group believes this mitigates the potential conflicts of interest.

The AIFM covers its professional liability risks arising from professional negligence by holding sufficient professional indemnity insurance and maintaining an appropriate amount of own funds.

The AIFM employs a risk management system consisting of mainly two elements: (i) an organisational element in which the permanent risk management function plays a central role, and (ii) a procedural element documented in the applicable risk management policy, which sets out measures and procedures employed to measure and manage risks, the safeguards for independent performance of the risk management function, the techniques used to manage risks and the details of the allocation of responsibilities within the AIFM for risk management and operating procedures.

The central task of the risk management function of the AIFM is the implementation of effective risk management procedures in order to identify, measure, manage, and monitor on an ongoing basis all risks to which the Fund is or may be exposed.

In addition, the risk management function of the AIFM shall ensure that the risk profile of the Fund as disclosed in this Prospectus is consistent with the risk limits as defined by the AIFM in compliance with the risk profile as approved by the Board.

The risk management function conducts on a regular basis (i) stress tests and scenario analyses to address risks arising from potential changes in market conditions that might adversely impact the Fund, and (ii) back-tests in order to review the validity of risk measurement arrangements.

The business unit of the AIFM responsible for the risk management function is functionally and hierarchically separated from the business units performing operating services, including the business unit responsible for the portfolio management.

The AIFM employs an appropriate liquidity management system and has adopted procedures which enable it to monitor the liquidity risk of the Fund and to ensure that the liquidity profile of the investments of the Fund complies with its underlying obligations. The liquidity management system ensures that the Fund maintains a level of liquidity appropriate to its underlying obligations based on an assessment of the relative liquidity of the Fund's assets in the market, taking account of the time required for liquidation and the price or value at which those assets can be liquidated and their sensitivity to other market risks or factors.

The AIFM monitors the liquidity profile of the portfolio of assets having regard to the profile of the investor base of the Fund, the relative size of investments and the redemption terms to which these investments are subject. The AIFM implements and maintains appropriate liquidity measurement arrangements and procedures to assess the quantitative and qualitative risks of positions and intended investments which have or may have a material impact on the liquidity profile of the portfolio of the Fund's assets to enable their effects on the overall liquidity profile to be appropriately measured and considered. The AIFM also puts into effect the tools and arrangements necessary to manage the liquidity of the Fund. The AIFM will ensure the coherence of the investment strategy and the liquidity profile.

The AIFM proceeds, on a regular basis, with stress tests simulating normal and exceptional circumstances in order to evaluate and measure the liquidity risk of the Fund.

16. Directors

The Directors of the Fund are:

Helene Müller Schwiering
Roland Roffler
Daniel Van Hove
Eicke Schinn

17. Depositary, Paying Agent, Registrar and Transfer Agent, Administrator and Domiciliary Agent

The Fund has appointed European Depositary Bank SA as the Depositary of the Fund within the meaning of the 2013 Law.

The principal duties of the Depositary are as follows:

- a) safe-keeping of the assets of the Fund that can be held in custody (including book entry securities) and record-keeping of assets that cannot be held in custody in which case the Depositary must verify their ownership;
- b) ensure that the Fund's cash flows are properly monitored, and in particular ensure that all payments made by or on behalf of investors upon the subscription of Shares in the Fund have been received and that all cash of the Fund has been booked in cash accounts that the Depositary can monitor and reconcile;
- c) ensure that the issue, redemption and cancellation of Shares of the Fund are carried out in accordance with applicable laws and the Articles;
- d) ensure that the value of the Shares of the Fund is calculated in accordance with applicable laws, the Articles and the valuation procedures;
- e) carry out the instructions of the AIFM, unless they conflict with applicable laws or the Articles;
- f) ensure that in transactions involving the Fund's assets any consideration is remitted to the Fund within the usual time limits; and
- g) ensure that the Fund's income is applied in accordance with applicable laws and the Articles.

In relation to the Depositary's custody duties referred to under a) above, in respect of financial instruments which can be held in custody, the Depositary is liable to the Fund or the Shareholders for any loss of such financial instruments held by the Depositary or any delegate, in accordance with the provisions of the Law of 12 July 2013.

The Depositary has not entered into arrangements to contractually discharge itself of liability in accordance with Article 19 (13) or 19 (14) of the Law of 12 July 2013. The AIFM will inform investors of any changes with respect to depositary liability without delay. In particular, the AIFM will notify the investors of any contractual liability discharge arrangement that the Depositary has

entered into with any sub-custodian pursuant to the provisions of Article 19 (11) and Article 19 (13) of the 2013 Law.

In relation to all the other depositary duties including those referred to under a) to g) above, the Depositary is liable to the Fund or the Shareholders for all other losses suffered by it or them as a result of the Depositary's negligent or intentional failure to properly fulfil such obligations.

The Fund has also appointed European Depositary Bank SA as Paying Agent of the Fund.

European Depositary Bank SA was incorporated in Luxembourg as a *société anonyme* and has its registered office at 3, Rue Gabriel Lippmann, L-5365 Munsbach Luxembourg. It is licensed to engage in all banking operations under Luxembourg law. Its subscribed share capital as at 28 April 2023 amounted to EUR 13,000,520.

The Fund has also appointed Apex Fund Services S.A. as Registrar and Transfer Agent of the Fund. As Registrar and Transfer Agent, Apex Fund Services S.A. is mainly responsible for the issue, redemption and cancellation of Shares.

Apex Fund Services S.A. was incorporated in Luxembourg as a *société anonyme* and has its registered office at 3, Rue Gabriel Lippmann, L-5365 Munsbach Luxembourg. It is licensed to engage in all banking operations under Luxembourg law. Its subscribed share capital as at 27 April 2023 amounted to EUR 17,780,540.

The Fund has appointed Apex Fund Services S.A. as its Domiciliary and Administrator. In this capacity, Apex Fund Services S.A. is responsible for the computation of the Net Asset Value per Share of the Fund, the maintenance of records and other general administrative functions.

Each of the Depositary and Paying Agent agreement, the administration agreement and the Registrar and Transfer Agent agreement provide that, in the absence of fraud, wilful misconduct or negligence under the relevant agreement, the Fund shall indemnify and hold harmless the Depositary, Paying Agent, Administrator, Domiciliary Agent and Registrar and Transfer Agent against third party claims in connection with the relevant agreement.

The Depositary will have no decision-making discretion relating to the Fund's investments. The Depositary is a service provider to the Fund and is not responsible for the preparation of this document and therefore accepts no responsibility for the accuracy of any information contained in this document.

18. Shareholder's Rights against Service Providers and applicable Law and Jurisdiction

Shareholders will not have any direct contractual rights against the service providers of the Fund appointed from time to time.

The Fund is incorporated under the laws of the Grand Duchy of Luxembourg.

By applying for Shares when submitting the Fund's application form, the relevant investor agrees to be bound by the terms and conditions of the application form, the Prospectus and the Articles. This contractual relationship is governed by Luxembourg laws. The Fund and Shareholders will be subject to the exclusive jurisdiction of the courts of Luxembourg to settle any dispute or claim arising out of or in connection with a Shareholder's investment in the Fund or any related matter.

According to Council Regulation 44/2001 of 22 December 2000 on jurisdiction and the recognition

and enforcement of judgments in civil and commercial matters, a judgement given and enforceable in an EU Member State shall in principle be recognised in the other EU Member States without any special procedure being required and shall generally be enforceable in the other EU Member States on the application of any interested party, save in certain circumstances. Council Regulation 44/2001 of 22 December 2000 shall be replaced by EU Regulation 1215/2012 of 12 December 2012 which shall apply from 10 January 2015.

19. Side letters

The Fund may enter into side letters or other arrangements with one or more Shareholders which have, subject to compliance with applicable laws and regulations, the effect of establishing rights under, or altering or supplementing, the terms of, the Articles, this Prospectus or any subscription agreement with respect to such Shareholder(s). Where any preferential treatment is granted to an investor, a description of such preferential treatment and the type of investors who obtain such preferential treatment may be obtained by Shareholders upon request at the registered office of the Fund. Furthermore, where an investor who has a legal or economic link with the AIFM or the Fund obtains a preferential treatment, a description of such link can also be obtained at the registered office of the Fund.

20. Reports

The financial year of the Fund ends on 31 December in each year.

Audited annual financial statements of the Fund made up to 31 December in each year will be prepared in EUR and in accordance with the Luxembourg Generally Accepted Accounting Principles (Lux GAAP) and made available to Shareholders, together with a report of the AIFM, within 6 months of the financial year end. The Fund will also prepare half-yearly reports, which will be made available to Shareholders within 3 months of the period end.

Copies of the latest annual report and any subsequent half-yearly report will be sent free of charge on request.

21. Meetings of Shareholders

The Annual General Meeting of Shareholders of the Fund will be held at the registered office of the Fund in Luxembourg on the last Thursday in the month of June (or the preceding Business Day if such day is not a Business Day) each year at 1 p.m. (Luxembourg time).

Notices of all general meetings, setting forth the agenda and specifying the time and place of the meeting and the conditions of admission thereto and referring to quorum and majority requirements, will be sent by post to registered Shareholders, at least eight (8) days prior to the meeting, to their addresses in the Register of Shareholders.

To the extent required by law, such notices will be published in the *Luxemburger Wort* and in the *RESA*.

Proceedings of any extraordinary general meeting called upon to resolve on amendments to the Articles shall not be valid unless at least one half of the capital is represented and the agenda indicates the proposed amendments to the Articles and, where applicable, the text of those which concern the objects or the form of the Fund. If the first of these conditions is not satisfied, a second meeting may be convened, in the manner prescribed by the Articles, by means of notices

published on two occasions in the *RESA* and in two Luxembourg newspapers, at an interval of at least fifteen (15) days and fifteen (15) days before the meeting. The convening notice shall reproduce the agenda, indicating the date and results of the previous meeting. The proceedings of the second meeting shall be valid regardless of the proportion of the capital represented. At both meetings, resolutions shall be validly passed if they are passed by two-thirds of the votes cast. Votes cast shall not include votes in relation to shares represented at the meeting but in respect of which the Shareholders have not taken part in the vote or have abstained or have returned a blank or invalid vote.

The Articles make provision for meetings of Shareholders. Every Shareholder present in person or by proxy has the same number of votes as the number of Shares in the property of the Fund represented by the Shares of which he is the Shareholder. Voting in respect of fractions of Shares is not permitted.

22. Liquidation

In accordance with Luxembourg law, if the capital of the Fund falls below two-thirds of its minimum capital, the Directors must submit the question of the dissolution of the Fund to a General Meeting of Shareholders for which no quorum shall be prescribed and at which decisions shall be taken by Shareholders holding a simple majority of the Shares represented at the meeting. If the capital of the Fund falls below one quarter of its minimum capital the Directors must submit the question of the dissolution of the Fund to a general meeting for which no quorum shall be prescribed and at which decisions shall be taken by Shareholders holding one quarter of the Shares represented at the meeting.

Any liquidation of the Fund, which may be proposed by the Directors to the Shareholders at any time, shall be carried out in accordance with the provisions of the Law of 2010. Such law specifies the steps to be taken to enable Shareholders to participate in the distribution of the liquidation proceeds and provides upon finalisation of the liquidation that the assets be deposited in escrow with the *Caisse de Consignation* to be held for the benefit of the relevant Shareholders. Amounts not claimed from escrow within the relevant prescription period will be liable to be forfeited in accordance with the provisions of Luxembourg law.

23. Documentation and Information

A copy of the Articles, the current Prospectus and the latest reports may be obtained by Shareholders free of charge during normal business hours on request at the registered office of the Fund and of the AIFM. Copies of the material agreements mentioned in this Prospectus may be inspected during usual business hours on any Business Day at the registered office of the Fund and of the AIFM.

Pursuant to the AIFMD, the following information will be made available to Shareholders in the annual report, unless more frequent disclosure of such information is deemed necessary:

- (i) the percentage of the Fund's assets subject to special arrangements due to their illiquid nature;
- (ii) any new arrangements for managing the Fund's liquidity;
- (iii) the risk profile of the Fund and the risk management systems employed to manage those risks;
- (iv) any changes to the maximum level of leverage the Fund may employ (including any right of reuse of collateral or guarantee granted under a leveraging arrangement); and

(v) the total amount of leverage employed by the Fund.

Any person who would like to receive further information regarding the Fund or who wishes to make a complaint about the operation of the Fund should contact the AIFM.

Annex 1
Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: Partners Group Global Value SICAV (the "Fund")

Legal entity identifier: 529900WRFTABLKR3IM61

Environmental and/or social characteristics

Does this financial product have a sustainable investment objective?

Yes

It will make a minimum of **sustainable investments with an environmental objective:** ____ %

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It will make a minimum of **sustainable investments with a social objective:** _____ %

No

It **promotes Environmental/Social (E/S) characteristics** and while it does not have as its objective a sustainable investment, it will have a minimum proportion of ____ % of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promotes E/S characteristics, but **will not make any sustainable investments**

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Sustainability indicators measure how the sustainable objectives of this financial product are attained.

What environmental and/or social characteristics are promoted by this financial product?

The environmental and social characteristics promoted by this Fund are:

- 1) a reduction in investments in fossil fuels;
- 2) an avoidance of investments in the deforestation or burning of natural ecosystems for the purposes of land clearance;
- 3) a safer and healthier physical work environment related to portfolio companies; and
- 4) positively promote gender diversity of the boards of portfolio companies.

A reference benchmark has not been designated for the purpose of attaining the environmental or social characteristics promoted by this Fund.

- ***What sustainability indicators are used to measure the attainment of each of the environmental or social characteristics promoted by this financial product?***

In order to measure attainment of the individually listed characteristics above promoted by this Fund, the AIFM will actively monitor the indicators set out below and will review progress on a regular basis:

- 1) the Fund's exposure to assets whose main business is the exploration or direct extraction or production of fossil fuels, regardless of origin or use; and
- 2) the Fund's exposure to assets that are directly related to the deforestation or burning of natural ecosystems for the purposes of land clearance ;
- 3) workplace physical health and safety incidents in relation to a portfolio company that is a "**Controlled Investments**" (*i.e.*, Direct Investments in which the Fund, alone or in combination with any other fund, partnership, entity or vehicle managed and/or advised by Partners Group holds a controlling interest, directly or indirectly, of more than 50%), that result in death or permanent disability; and
- 4) average ratio of female to male board members in portfolio companies that are Controlled Investments, expressed as a percentage of all board members.

The AIFM takes a comprehensive approach to drive transparency by actively promoting the improvement of the disclosure maturity received in relation to the Fund's Investments. The AIFM prioritises the importance of transparency of data relating to environmental, social and governance issues and utilises the principle adverse impact (PAI) indicators (as set out below) in order to assess the maturity of the data disclosed by the Fund's Investments, in particular, the completeness and accuracy of data provided. In an effort to improve the Fund's data relating to environmental, social and governance issues, the AIFM assesses the maturity of the available data annually, and actively seeks to improve disclosure in respect of Direct Investments by highlighting and escalating the Fund's data maturity to the

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

What investment strategy does this financial product follow?

The investment strategy guides investment decisions based on factors such as investment objectives and risk tolerance.

The Fund's investment objective is to obtain superior returns and to achieve capital growth over the medium and long-term by investing in private equity.

The AIFM implements this investment strategy on a continuous basis as follows:

Sourcing

For the purposes of the Fund's promotion of: (1) a reduction in fossil fuels; and (2) an avoidance of investments in the deforestation or burning of natural ecosystems for the purposes of land clearance, the exclusion criteria will apply, as set out in the description of the binding elements below.

Due Diligence

During the due diligence process, for the purposes of the Fund's promotion of a reduction in fossil fuels, in respect of any proposed Secondary Investment, the responsible investment committee must be informed if the proposed portfolio includes investments in assets:

- 1) whose main product or service is thermal coal extraction, transportation or use for energy generation;
- 2) whose main business is the exploration, direct extraction or production of, or treatment and logistics services for, Canadian oil sands;
- 3) whose main product or service is: (i) crude oil exploration, production, refinement, transportation or storage; or (ii) refined oil products transportation or storage (however, this does not prevent investments involving petrochemicals or substances refined from petroleum,

investments that involve low carbon fuels and chemical companies that use oil derivatives as raw materials; provided such chemical companies have plans in place to develop safer and/or more sustainable chemicals); or

- 4) which is a service provider for the coal and oil upstream industry (e.g., drilling rig operator, fracking sand supplier or oilfield service provider).

To the extent that the proposed Secondary Investment contains investments in such assets, the Fund's proportion of the net asset value of such assets to the Fund's total acquisition cost of the Secondary Investment will be assessed. If the thresholds set out in the description of the binding elements below are exceeded, the proposed Secondary Investment will be excluded. If the total net asset value of such assets exceeds 10% but is lower than 20% of the Fund's acquisition cost, the potential Secondary Investment will be escalated for review by the Partners Group ESG & Sustainability Team and discussion with the responsible investment committee. For the avoidance of doubt, nothing prevents the Fund from investing in Secondary Investments which plan to reduce their exposure to fossil fuels.

Acquisition

In respect of Primary Investments, for the purposes of the Fund's promotion of: (i) a reduction in fossil fuels; and (ii) an avoidance of investments in the deforestation or burning of natural ecosystems for the purposes of land clearance, where relevant the AIFM will seek to obtain side letter terms for each Primary Investment confirming that either: (a) the target fund will not make; or (b) the Fund will be excused from participating in, investments that directly relate to:

- 1) the establishment of new thermal coal mining or coal-fired electricity generation capacity;
- 2) the exploration, direct extraction or production of, and treatment and logistics services for, Canadian oil sands; and
- 3) the deforestation or burning of natural ecosystems for the purpose of land clearance.

Any proposed deviations to the Fund's requirements regarding the above will be escalated to the responsible investment committee.

Monitoring

During ownership of a Funds Investment, the AIFM will monitor the indicators set out above, on a regular basis. However, a workplace physical health and safety incident in relation to a Controlled Investment that is categorised as medium or severe (in terms of potential financial and/or reputational impact) will be escalated to the investment responsible at the AIFM who, together with other relevant departments within Partners Group, will work with the appointed incident reporting contact at the relevant portfolio company to define appropriate follow-up actions. Such follow-up actions are monitored, and their status is reported to the investment oversight committee on a periodic basis.

Engagement

In respect of Controlled Investments, for the purposes of the Fund's promotion of:

- 1) a safer and healthier physical work environment related to portfolio companies:

	<p>a) portfolio companies will be required to acknowledge and adopt the Fund's incident reporting policy at the portfolio company's first board meeting following acquisition by the Fund;</p> <p>b) primary and secondary incident reporting contacts will be appointed at the portfolio company;</p> <p>c) the primary incident reporting contact will be required: (i) on a semi-annual basis, to disclose all threatened and actual litigation related to physical workplace safety with potential damages over a certain level; and (ii) on an annual basis, to confirm that all reportable incidents were reported to the Fund during the previous calendar year; and</p> <p>2) a gender diverse board of portfolio companies during the first year following the Fund's acquisition of a portfolio company, the AIFM will engage with the portfolio company's board to develop a diversity and inclusion strategy that will outline how the board will drive increased gender diversity at the board level.</p>

	<ul style="list-style-type: none"> • <i>What is the policy to assess good governance practices of the investee companies?</i>
	<p>In respect of Controlled Investments, the AIFM expects in most cases to restructure the board following acquisition. On an ongoing basis the AIFM intends to focus on the four good governance pillars of the Disclosure Regulation:</p>

Good governance practices include sound management structures, employee relations, remuneration of staff and tax compliance.

- 1) **sound management structure:** including: (a) ongoing assessments of the functioning of the board, establishment of relevant committees and the development of talent; (b) establishing a systematic and centralised incident monitoring, reporting and handling framework; and (c) establishing a dedicated risk and audit committee and making other recommendations and/or developing initiatives tailored to the specific Controlled Investment;
- 2) **employee relations and staff remuneration:** including: (a) requiring the development of a tailored employee engagement initiative; (b) development of programmes to re-invest in employee focus areas or increase employee participation; and (c) implementing a diversity and inclusion strategy; and
- 3) **tax compliance:** including undertaking tax due diligence, with specialist support, on the basis of detailed guidance documents.

In respect of Non-Controlled Investments, the AIFM will conduct due diligence based on the applicable Sustainability Accounting Standards Board governance factors. On an ongoing basis, the AIFM will engage with Non-Controlled Investments as appropriate regarding management and employee matters.

In respect of Primary Investments, during the due diligence phase, the AIFM will assess the relevant Primary Investment's existing frameworks and track record (where applicable) with regards to good governance, including compliance with relevant guidelines, cybersecurity, responsible employment and contracting and incident management.

In respect of Secondary Investments, the AIFM will: (1) during the due diligence phase, assess; and (2) during the holding period, monitor, the reputation of underlying assets based on relevant news reports related to such asset.

What is the asset allocation planned for this financial product?

The allocation of the Fund's assets shall provide a broad diversification and follow the principle of risk spreading.

The Fund's assets shall be invested in private equity by investing (i) in Private Equity Funds, (ii) in Listed Private Equity Investments, (iii) in private operating companies as so-called Direct Investments, including mezzanine debt ("**Mezzanine Direct Investments**") and other debt (together with Mezzanine Direct Investments, the "**Direct Debt Investments**") (including, without limitation, first and second lien debt, unitranche debt and bonds) to private or public companies (whether by way of origination, acquisition or other means) and in certain instances acquire equity interests, (iv) Fund of Private Equity Funds, and (v) Pooling Vehicles (each a "**Fund Investment**", and collectively "**Fund Investments**"). The allocation of investments between Mezzanine Direct Investments and other debt investments shall be made by the AIFM on a deal-by-deal basis. Fund Investments may be accessed directly or indirectly through pooled investments vehicles or other special purpose vehicles.

The Fund will make Investments in accordance with the investment strategy described above.

In accordance with the binding elements of the Fund's investment strategy, a minimum of 80% of the Fund's assets will be invested in Investments used to attain the environmental and social characteristics promoted by the Fund.

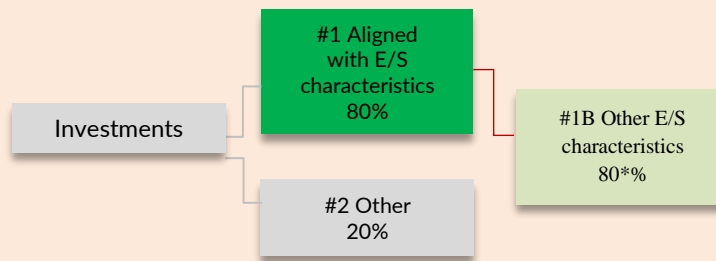

Asset allocation describes the share of investments in specific assets.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

The remaining portion of the assets invested by the Fund are in hedging and liquid assets which are used for efficient liquidity, portfolio management and/or cost management purposes and which do not form part of the Fund's investment portfolio. Such hedging and liquid assets will fluctuate during the life of the Fund and minimum environmental and/or social safeguards are not expected to apply to such hedging and liquid assets.

For the avoidance of doubt, any cash and other balance sheet items that are not invested are not considered to be investments for these purposes.

#1 Aligned with E/S characteristics includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

#2 Other includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

The sub-category #1B Other E/S characteristics covers investments aligned with the environmental or social characteristics that do not qualify as sustainable investments.

*The reference to 80% shall be understood as a reference to 80% of the Fund's assets as further set-out herein.

- **How does the use of derivatives attain the environmental or social characteristics promoted by the financial product?**

Not applicable.

To what minimum extent are sustainable investments with an environmental objective aligned with the EU Taxonomy?

While the Fund promotes environmental characteristics within the meaning of Article 8 of the Disclosure Regulation, it does not currently commit to investing in "sustainable investments". It is expected that 0% of the Fund's investments will be aligned with the EU Taxonomy.

	Does the financial product invest in fossil gas and/or nuclear energy related activities that comply with the EU Taxonomy¹?	
	<input type="checkbox"/> Yes:	
	<input type="checkbox"/> In fossil gas	<input type="checkbox"/> In nuclear energy
	<input checked="" type="checkbox"/> No	

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

The two graphs below show in green the minimum percentage of investments that are aligned with the EU Taxonomy. As there is no appropriate methodology to determine the Taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

**For the purpose of these graphs, "sovereign bonds" consist of all sovereign exposures*

• **What is the minimum share of investments in transitional and enabling activities?**

Not applicable.

 **What is the minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy?**

It is not expected that the Fund will make sustainable investments. It is expected that the Fund will be 100% not aligned with the EU Taxonomy.

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

 are environmentally sustainable investments that do not take into account the criteria for environmentally sustainable economic activities under the EU Taxonomy.

	What is the minimum share of socially sustainable investments?
	Not applicable.
	What investments are included under “#2 Other”, what is their purpose and are there any minimum environmental or social safeguards?
	The investments referred to under "#2 Other" above are investments made by the Fund in hedging and liquid assets which are used for efficient liquidity, portfolio management and/or cost management purposes and which do not form part of the Fund's investment portfolio. Such hedging and liquid assets will fluctuate during the life of the Fund and minimum environmental and/or social safeguards are not expected to apply to such hedging and liquid assets.
	Is a specific index designated as a reference benchmark to determine whether this financial product is aligned with the environmental and/or social characteristics that it promotes?
	The Fund will pursue the investment strategy set out above and does not invest by reference to an index and does not intend to do so.
	<ul style="list-style-type: none"> • <i>How is the reference benchmark continuously aligned with each of the environmental or social characteristics promoted by the financial product?</i>
